March [___], 2020

Dear Fellow Stockholder:

This Consent Statement and GREEN consent card are being furnished by Percy Rockdale LLC and MG Capital Management Ltd., together with the other participants named in this solicitation (the “Participating Stockholders,” “we,” “our,” or “us”). We are the beneficial owners of an aggregate of [2,926,374] shares of common stock, par value \$0.001 per share (the “Common Stock”) of HC2 Holdings, Inc., a Delaware corporation (the “Company” or “HC2”), representing approximately [6.3]% of the outstanding shares of Common Stock.

In our role as one of the largest stockholders of the Company, we have extensively diligenced HC2’s assets, strategies and ongoing history of underperformance. We concluded that HC2’s record of long-term underperformance stems from poor corporate governance, nagging conflicts of interest, ineffective balance sheet and expense management, and the absence of a credible strategy for identifying and realizing the value of its holdings. In our view, these issues have steadily worsened during Philip Falcone’s six-year tenure as Chairman and Chief Executive Officer. We believe the record clearly demonstrates that Mr. Falcone and the current Board of Directors (the “Board”) are not best-positioned to develop and effectively implement a viable strategic plan for a diversified holding company.

During a historically long and meaningful market upswing, the shareholders of HC2 have suffered significant HC2 investment losses in the years Mr. Falcone has been at the helm. You deserve better. We do not believe the current directors are the right people to address the challenges the Company is facing and have identified nominees that we believe can right the ship.

Through the enclosed Consent Statement, we are soliciting your written consent for the following proposals:

Proposal 1 – Suspend, render temporarily ineffective and stay any change, modification, repeal or any other amendment to the Fourth Amended and Restated Bylaws of the Company (the “Bylaws”) not already adopted by the Board and publicly disclosed on or before March 12, 2019 (each a “Bylaw Amendment”), until the stockholders of the Company have approved all such Bylaw Amendments at the next annual or special meeting and/or by written consent (the “Bylaw Restoration Proposal”);

Proposal 2 – Remove from the Board without cause, all current directors including Philip A. Falcone, Robert V. Leffler, Jr., Wayne Barr, Jr., Warren H. Gfeller, Lee Hillman and Julie Springer, and any other person elected or appointed to the Board at any future time or upon any event (other than those elected by this consent solicitation) (the “Removal Proposal”); and

Proposal 3 – Elect George Brokaw, Kenneth Courtis, Michael Gorzynski, Robin Greenwood, Liesl Hickey and Jay Newman, to serve as directors of the Company (or, if any such nominee is unable or unwilling to serve as a director of the Company, or if there are additional vacancies on the board of directors, any other person designated as a nominee by the affirmative vote of a majority of the newly elected Board) (the “Nominees”) (the “Election Proposal” and together with the Bylaw Restoration Proposal and the Removal Proposal, the “Proposals”).

We urge you to carefully consider the information contained in the attached Consent Statement and then support our efforts by signing, dating, and returning the enclosed GREEN consent card today. The attached Consent Statement and the enclosed GREEN consent card are first being furnished to the stockholders on or about March [], 2020.

IF YOU TAKE NO ACTION, YOU WILL IN EFFECT BE REJECTING THE PROPOSALS. ABSTENTIONS AND FAILURES TO CONSENT WILL HAVE THE SAME EFFECT AS WITHHOLDING CONSENT WHICH IS THE SAME AS VOTING AGAINST THE PROPOSALS.

We urge you not to sign any revocation of consent card that may be sent to you by the Company. If you have done so, you may revoke that revocation of consent by delivering a later dated GREEN consent card into the care of Saratoga Proxy Consulting, LLC, our proxy solicitor, at their address listed on the following page.

If you have any questions or require any assistance with your consent, please contact our proxy solicitor, Saratoga Proxy Consulting, LLC, at the number listed on the next page.

Thank you for your support.

CONSENT STATEMENT
OF
PERCY ROCKDALE LLC

**PLEASE MARK AN “X” IN EACH BOX LABELED “CONSENT,”
THEN SIGN, DATE, AND MAIL THE ENCLOSED GREEN CONSENT CARD TODAY**

This consent statement (this “Consent Statement”) and the accompanying **GREEN** consent card are being furnished to you as a stockholder of HC2 Holdings, Inc., a Delaware corporation (the “Company” or “HC2”), by Percy Rockdale LLC and MG Capital Management Ltd. (the “Participating Stockholders,” “we,” “our,” or “us”), in connection with our solicitation of written consents to remove all six current members of the Board of Directors of the Company (the “Board”), and replace them with our highly-qualified nominees. As significant stockholders of the Company, with aggregate ownership of [2,926,374] shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), constituting approximately [6.3]% of the outstanding shares of Common Stock, we believe that the Board should be reconstituted with our qualified directors who will bring a fresh perspective into the boardroom and who we believe would be more effective in evaluating and executing on initiatives to improve the success of the Company.

A solicitation of written consents is a process that allows you, the company’s stockholders, to act by submitting written consents to any proposed stockholder actions in lieu of voting in person or by proxy at an annual or special meeting of stockholders. We are soliciting written consents from the holders of shares of the Common Stock and holders of the Company’s Series A Convertible Participating Preferred Stock (“Series A Preferred Stock”) and Series A-2 Convertible Participating Preferred Stock (“Series A-2 Preferred Stock” and, together with the Series A Preferred Stock, the “Preferred Stock”) to take the following actions (each, as more fully described in this Consent Statement), in the following order, without a stockholders’ meeting, as authorized by Delaware law and the Fourth Amended and Restated Bylaws of the Company (the “Bylaws”):

Proposal 1 – Suspend, render temporarily ineffective and stay any change, modification, repeal or any other amendment to the Bylaws not already adopted by the Board and publicly disclosed on or before March 12, 2019 (each a “Bylaw Amendment”), until the stockholders of the Company have approved all such Bylaw Amendments at the next annual or special meeting and/or by written consent (the “Bylaw Restoration Proposal”);

Proposal 2 – Remove from the board of directors of the Company (the “Board”) without cause, all current directors including Philip A. Falcone, Robert V. Leffler, Jr., Wayne Barr, Jr., Warren H. Gfeller, Lee Hillman and Julie Springer, and any other person elected or appointed to the Board at any future time or upon any event (other than those elected by this consent solicitation) (the “Removal Proposal”); and

Proposal 3 – Elect George Brokaw, Kenneth Courtis, Michael Gorzynski, Robin Greenwood, Liesl Hickey and Jay Newman, to serve as directors of the Company (or, if any such nominee is unable or unwilling to serve as a director of the Company, or if there are additional vacancies on the board of directors, any other person designated as a nominee by the affirmative vote of a majority of the newly elected Board) (the “Nominees”) (the “Election Proposal” and together with the Bylaw Restoration Proposal and the Removal Proposal, the “Proposals”).

This Consent Statement and the enclosed **GREEN** consent card are first being sent or given to the stockholders of the Company on or about March [___], 2020. This Consent Statement is also available at [___] or by request to our proxy solicitor, Saratoga Proxy Consulting, LLC (“Saratoga”):

We are soliciting your consent in favor of the adoption of the Removal Proposal and the Election Proposals because we believe the Nominees collectively possess the much-needed independence, corporate governance experience, and diverse expertise in the Company’s priority sectors that we think will be required to improve the performance of the Company to the benefit of all stockholders. In addition, we are also soliciting your consent in favor of the adoption of the Bylaw Restoration Proposal to ensure that the incumbent Board does not limit the effect of your consent to the removal of the incumbent directors and the election of the Nominees through changes to the Bylaws not filed with the SEC on or before March 12, 2019, the last date the Bylaws were filed with the SEC.

The effectiveness of each of the Proposals requires the affirmative consent of the holders of record of a majority of the shares of outstanding voting securities as of the close of business on the Record Date (as defined below). Each Proposal will be effective without further action when we deliver to the Company such requisite number of consents. The Bylaw Restoration Proposal (Proposal 1) is not subject to or conditioned upon the effectiveness of the Removal Proposal or the Election Proposal. The Removal Proposal (Proposal 2) is not subject to or conditioned upon the effectiveness of the Election Proposal. The Election Proposal (Proposal 3) is not subject to or conditioned upon the effectiveness of the Bylaw Restoration Proposal and is conditioned, in part, upon the Removal Proposal. If none of the members of (or appointees to) the Board are removed pursuant to the Removal Proposal, and there are no vacancies to fill, none of the Nominees can be elected pursuant to the Election Proposal. If fewer than six directors are removed pursuant to the Removal Proposal and there are more Nominees receiving the requisite number of consents to fill vacancies pursuant to the Election Proposal (i.e., affirmative consent of the holders of at least a majority of the shares entitled to vote) than the number of such resulting vacancies, then, provided that our Nominees constitute a majority of the newly re-constituted Board, the Board intends to appoint the Nominees receiving the most votes in descending order (i.e., the Nominee receiving the highest number of consents will be appointed first, the Nominee receiving the second highest number of consents will be appointed second, and so forth, until there are no remaining vacancies, provided that each appointed Nominee has received the affirmative consent of the holders of at least a majority of the shares entitled to vote).

On March 13, 2020, we delivered a written request for a record date to the Company pursuant to Article VI, Section 4 of the Company's Bylaws. In response to our request, the Company established April 2, 2020 as the record date (the "Record Date") for the determination of the Company's stockholders who are entitled to execute, withhold, or revoke consents relating to this consent solicitation. Holders of record of Common Stock and Preferred Stock outstanding as of the Record Date are entitled to consent on the items set forth in our Consent Statement. We are commencing our solicitation of consents on or about March [], 2020, which is before the Record Date. Each stockholder of record on April 2, 2020 who has not yet received a Consent Statement prior to that date will receive a Consent Statement and have the opportunity to consent on the matters described in the Consent Statement. Consents delivered prior to the Record Date will be valid and effective so long as the stockholder providing the consent is a holder of record on the Record Date. If you are not a holder of record on the Record Date, any consent you deliver will be invalid and will not be counted. If you deliver a consent prior to the Record Date and remain a holder on the Record Date, you do not need to deliver another consent after the Record Date. If you deliver a consent prior to the Record Date and do not revoke that consent, your consent will be deemed to cover the number of shares you own on the Record Date even if that number is different from the number of shares you owned when you executed and delivered your consent. Consents received from persons who are not holders of record on the Record Date will not be effective.

The Participating Stockholders will file and deliver a supplement to the consent statement disclosing the number of Common Stock, Series A Preferred Stock and Series A-2 Preferred Stock outstanding as of the Record Date, once that information is known. Each share of Common Stock outstanding on the Record Date entitles the holder thereof to one vote, without cumulation, as further described in this Consent Statement. Holders of Preferred Stock will vote together as a single class with holders of Common Stock, on an as-converted basis, with respect to the Proposals.

In addition, none of the Proposals will be effective unless the delivery of the written consents complies with Section 228(c) of the Delaware General Corporation Law ("DGCL"). For the Proposals to be effective, properly completed and unrevoked written consents must be delivered to the Company within 60 days of the earliest dated written consent delivered to the Company. On March 13, 2020, we delivered the initial written consent to the Company by delivery to its principal place of business and headquarters in New York City. Consequently, by May 12, 2020, we will need to deliver on your behalf properly completed and unrevoked written consents to the Proposals from the holders of record of a majority of the outstanding voting securities as of the close of business on the Record Date. We intend to set April [], 2020, as the target date for submission of written consents.

WE URGE YOU TO ACT TODAY TO ENSURE THAT YOUR CONSENT WILL COUNT

We reserve the right to submit to the Company consents at any time within 60 days of the earliest dated written consent delivered to the Company. See "Consent Procedures" for additional information regarding such procedures.

As of the date of this Consent Statement, we are the beneficial owners of an aggregate of [2,926,374] shares of Common Stock, representing approximately [6.3]% of the outstanding shares of Common Stock. We intend to express consent in favor of each of the Proposals with respect to all of such shares of Common Stock we beneficially own.

The Participating Stockholders will file and deliver a supplement to the consent statement disclosing the number of Common Stock, Series A Preferred Stock and Series A-2 Preferred Stock outstanding as of the Record Date, once that information is known. Each share of Common Stock outstanding on the Record Date entitles the holder thereof to one vote, without cumulation, as further described in this Consent Statement. Holders of Preferred Stock will vote together as a single class with holders of Common Stock, on an as-converted basis, with respect to the Proposals. The mailing address of the principal executive offices of the Company is 595 Madison Avenue, 29th Floor, New York, NY 10022.

The failure to sign and return a consent will have the same effect as voting against all of the Proposals. Unless you act by signing and returning the **GREEN** consent card, the status quo will continue. Please note that in addition to signing the enclosed **GREEN** consent card, you must also date it to ensure its validity.

THIS CONSENT SOLICITATION IS BEING MADE BY THE PARTICIPATING STOCKHOLDERS AND NOT BY OR ON BEHALF OF THE COMPANY. WE URGE YOU TO SIGN, DATE, AND RETURN THE GREEN CONSENT CARD IN FAVOR OF THE PROPOSALS DESCRIBED HEREIN

QUESTIONS AND ANSWERS ABOUT THIS CONSENT SOLICITATION

The following are some of the questions you, as a stockholder, may have and our answers to those questions. The following is not meant to be a substitute for the information contained in the remainder of this Consent Statement, and the information contained below is qualified by the more detailed descriptions and explanations contained elsewhere in this Consent Statement. We urge you to read carefully this entire Consent Statement prior to making any decision on whether to grant any consent hereunder.

WHO IS MAKING THE SOLICITATION?

Percy Rockdale LLC, MG Capital Management Ltd., and the other participants listed herein are making this solicitation.

WHAT ARE THE PROPOSALS FOR WHICH CONSENTS ARE BEING SOLICITED?

We are asking you to consent to three corporate actions: (1) the Bylaw Restoration Proposal, (2) the Removal Proposal and (3) the Election Proposal.

We are asking you to consent to (i) Bylaw Restoration Proposal, to suspend and render temporarily ineffective any Bylaw Amendment adopted since March 12, 2019, until the stockholders of the Company have approved all such Bylaw Amendments, (ii) the Removal Proposal, to remove the Company's six current directors, including any appointees to the Board prior to the effectiveness of the Election Proposal, and (iii) the Election Proposal, to elect our highly qualified and independent Nominees.

WHY ARE WE SOLICITING YOUR CONSENT?

We believe significant changes to the leadership and composition of the Board are necessary in order to address the Company's record of long-term underperformance, which we concluded stems from poor corporate governance, documented conflicts of interest, ineffective balance sheet and expense management, and the absence of a credible strategy for identifying and realizing the value of its holdings. Unfortunately, we have utterly lost faith in the ability of the long-standing members of the Board to evaluate objectively and effectively the performance of CEO Philip Falcone, who has a proven track-record of regulatory and legal issues stemming from questionable financial practices. The Board's actions over the past six years, as described in more detail in the "Background to this Solicitation" and "Reasons for this Solicitation of Written Consents" sections of this Consent Statement, have solidified our belief that substantial change is desperately needed to put this Company on the right path forward.

This Consent Solicitation is the best option we have available at this time for immediately installing a new, independent Board that, in our opinion, will ensure our collective best interests are being safeguarded. Our highly-qualified Nominees are fully committed to improving the Company's performance and increasing value for the benefit of all stockholders. We believe that reconstituting the Board with our independent Nominees will give stockholders the best chance of unlocking the Company's full potential, ridding the Company of inappropriate conflicts, and closing the excessive valuation gap that has been eroding stockholder value for years. In our view, the Company's stockholders can no longer afford to trust that Mr. Falcone, or the current Board that has tacitly endorsed his misdeeds, will look after their best interests.

WHO ARE THE NOMINEES?

We are asking you to elect each of George Brokaw, Kenneth Curtis, Michael Gorzynski, Robin Greenwood, Liesl Hickey and Jay Newman, as a director of the Company. Collectively, they have significant experience in insurance, energy, telecommunications, operational turnarounds, investment management, debt restructurings and regulatory affairs across a variety of sectors. The business experience of our highly qualified Nominees is set forth in this Consent Statement under the section entitled "The Nominees," which we urge you to read.

WHO IS ELIGIBLE TO GRANT WRITTEN CONSENTS IN FAVOR OF THE PROPOSALS?

Stockholders of record of voting securities at the close of business on the Record Date have the right to consent to the Proposals. On March 13, 2020, we delivered a written request for a record date to the Company pursuant to Article VI, Section 4 of the Company's Bylaws. In response to our request, the Company established April 2, 2020 as the Record Date for the determination of the Company's stockholders who are entitled to execute, withhold, or revoke consents relating to this consent solicitation. The Participating Stockholders will file and deliver a supplement to the consent statement disclosing the number of Common Stock, Series A Preferred Stock and Series A-2 Preferred Stock outstanding as of the Record Date, once that information is known. Each share of Common Stock outstanding on the Record Date entitles the holder thereof to one vote, without cumulation, as further described in this Consent Statement. Holders of Preferred Stock will vote together as a single class with holders of Common Stock, on an as-converted basis, with respect to the Proposals.

WHEN IS THE DEADLINE FOR SUBMITTING CONSENTS?

We urge you to submit your **GREEN** consent card as soon as possible. In order for our Proposals to be adopted, the Company must receive written unrevoked consents signed by a sufficient number of stockholders to adopt the Proposals within 60 calendar days of the date of the earliest dated consent delivered to the Company. On March 13, 2020, we delivered the initial written consent to the Company. Consequently, we will need to deliver properly completed and unrevoked written consents to the Proposals from the holders of record of a majority of the outstanding voting securities as of the close of business on the Record Date no later than May 12, 2020. Nevertheless, we intend to set April [___], 2020, as the target date for submission of written consents.

HOW MANY CONSENTS MUST BE RECEIVED IN ORDER TO ADOPT THE PROPOSALS?

The Proposals will be adopted and become effective when properly completed, unrevoked consents are signed by the holders of a majority of the outstanding voting securities as of the close of business on the Record Date, provided that such consents are delivered to the Company within 60 calendar days of the date of the earliest dated consent delivered to the Company. The Participating Stockholders will file and deliver a supplement to the consent statement confirming the number of Common Stock and Preferred Stock outstanding as of the Record Date and the number of consents that would be required to approve the Proposals, once that information is known. As of the date hereof, we beneficially owned in the aggregate [2,926,374] shares of Common Stock, representing approximately [6.3]% of the outstanding shares of Common Stock of the Company. If fewer than six directors are removed pursuant to the Removal Proposal and there are more Nominees receiving the requisite number of consents to fill vacancies pursuant to the Election Proposal (i.e., affirmative consent of the holders of at least a majority of the shares entitled to vote) than the number of such resulting vacancies, then, provided that our Nominees constitute a majority of the newly re-constituted Board, the Board intends to appoint the Nominees receiving the most votes in descending order (i.e., the Nominee receiving the highest number of consents will be appointed first, the Nominee receiving the second highest number of consents will be appointed second, and so forth, until there are no remaining vacancies, provided that each appointed Nominee has received the affirmative consent of the holders of at least a majority of the shares entitled to vote).

HOW DO I SUBMIT MY WRITTEN CONSENT?

Your shares of Common Stock and Preferred Stock may either be registered in your own name (that is, you are the record holder) or you may hold your shares in “street” name with a bank, broker firm, dealer, trust company, or other nominee, in which case only they can exercise your right to consent with respect to your shares of Common Stock and Preferred Stock upon receipt of your instructions. To exercise your right to consent:

If you are the record holder of your shares:

Please complete the enclosed **GREEN** consent card by marking either the “Consent,” “Withhold Consent,” or “Abstain” box for each of the three Proposals, then sign, date, and return the consent to the Participating Stockholders, c/o Saratoga, using the postage-paid envelope provided. We urge you not to sign any card sent to you by the Company.

If your shares are held in “street” name:

If you hold your shares in “street” name with a bank, broker firm, dealer, trust company or other nominee, only they can exercise your right to consent with respect to your shares of Common Stock and Preferred Stock and only upon receipt of your specific instructions. Accordingly, it is critical that you promptly give instructions to consent to the Proposals to your bank, broker firm, dealer, trust company or other nominee. Please follow the instructions to consent provided on the enclosed **GREEN** consent card. We urge you to confirm in writing your instructions to the person responsible for your account and provide a copy of those instructions to the Participating Stockholders, c/o Saratoga, so that we will be aware of all instructions given and can attempt to ensure that such instructions are followed.

REASONS FOR THE SOLICITATION

WE BELIEVE THAT AN IMMEDIATE CHANGE IS NEEDED AND WARRANTED ATOP HC2

During a historically long and meaningful market upswing, the shareholders of HC2 have suffered significant HC2 investment losses in the years Mr. Falcone has been at the helm. You deserve better. Let us share with you our views about some disturbing problems, why we don't think the current directors are the right people to face the challenges, and how our nominees are committed to righting the ship.

We have extensively diligenced HC2's assets, strategies and ongoing history of underperformance in our role as one of the largest stockholders of HC2. We concluded that HC2's record of long-term underperformance stems from poor corporate governance, nagging conflicts of interest, ineffective balance sheet and expense management, and the absence of a credible strategy for identifying and realizing the value of its holdings. In our view, these issues have steadily worsened during Philip Falcone's six-year tenure as Chairman and Chief Executive Officer. We believe the record clearly demonstrates that Mr. Falcone and the current Board of Directors (the "Board") are not best-positioned to develop and effectively implement a viable strategic plan for a diversified holding company. Instead, they are reacting with a series of corporate governance and balance sheet "quick fixes" after the Participating Stockholders publicly disclosed that HC2's shareholders would be given the chance to clean house by replacing the current Board with our slate of impressive candidates. Shareholders can decide for themselves whether the existing directors are motivated by leadership or self-preservation.

We were so concerned that we sent a letter to the audit committee March 3, 2020, with the express request that Mr. Falcone not be involved with what needed to be an unbiased, truly independent inquiry. Imagine our surprise and distress when that serious letter was promptly forwarded to Mr. Falcone, the subject of the questions identified in our correspondence. This calls into question the independence of the Board and the degree to which they take their fiduciary and legal responsibilities seriously, but also confirms that Mr. Falcone runs roughshod over his fellow directors by interfering with the Board's oversight of him. In a related email, Mr. Falcone bragged that he and his Board are "...here and do not plan on leaving anytime soon." Legally, that is a decision that belongs to you, the HC2 shareholders. By signing and returning the Green consent card, you can help change that and prove Mr. Falcone wrong. We are distressed by the measures Mr. Falcone and his Board could take to remain entrenched atop the Company, exercising poor corporate governance and destroying value for stockholders.

Fortunately, we feel there is a clear solution and superior path forward to rectify the multitude of issues at hand: revamp the Board by installing an entirely new slate of highly-qualified, independent directors that will be completely focused on eradicating any conflicts and enhancing value for all stockholders. We contend that a completely reconstituted Board that includes our world-class Nominees will have the experience, integrity, cross-sector knowledge, and investment perspective required to overhaul management, and implement a new operating strategy to turn around HC2.

We Are Deeply Concerned with HC2's Dismal Stock Price Performance Under the Incumbent Board and Mr. Falcone

Since Mr. Falcone's tenure began approximately six years ago, there has been a steady erosion of stockholder value. HC2 has delivered very poor total stockholder returns ("TSR") over one-year (-33.43%), three-year (-65.56%), five-year (-71.97%) and six-year (-35.14%) horizons.¹ We find that the picture only gets bleaker when evaluating performance on a relative basis:

- **1-year TSR:** -33.43% vs. S&P 500 return of 29.68%, Russell 3000 return of 28.72%, and 2019 proxy peer group² average return of 12.57%.
- **3-year TSR:** -65.56% vs. S&P 500 return of 53.16%, Russell 3000 return of 50.34%, and 2019 proxy peer group average return of 13.77%.
- **5-year TSR:** -71.97% vs. S&P 500 return of 80.79%, Russell 3000 return of 77.09%, and 2019 proxy peer group average return of 31.29%.
- **Falcone Tenure TSR:** -35.14% vs. S&P 500 return of 101.82%, Russell 3000 return of 95.92%, and 2019 proxy peer group average return of 32.51%.

We Are Deeply Concerned That Mr. Falcone and the Incumbent Board Have Failed to Close the Significant Gap That Has Persisted Between HC2's Share Price and its Stated Net Asset Value

Although publicly-listed holding companies often trade at modest discounts to their Net Asset Value ("NAV") calculations, we feel HC2's valuation gap is excessive and persistent. We believe the lack of a credible and well-articulated strategy to address the fact that HC2's shares trade at a consistent discount to NAV of more than 80%³ has contributed to the discount. We contend a wholesale refreshment of the Board is particularly warranted when taking into account the decisions and inaction in the boardroom are what have contributed to this extremely large valuation gap.

We Are Deeply Concerned with What Appears to be the Board's Inability or Failure to Check a Pattern of Related Party Transactions Involving Mr. Falcone's Entities

We believe the Company may be engaged in a string of related party transactions that, based on the Company's limited disclosure, appear to have benefited Mr. Falcone at the expense of stockholders. HC2's most recent 10-Q discloses that in January 2015, the Company entered into a "Services Agreement" with Harbinger Capital Partners (Mr. Falcone's investment management firm).⁴ The firm is currently extracting approximately \$4 million per year through an opaque "Services Agreement." We were also concerned to learn that in 2018, HC2 entered into a costly 75-month lease for office space previously occupied by Harbinger Capital Partners.⁵ We do not think it is appropriate for a small public company to have a large office on Park Avenue occupied in the past by a once sizable alternative asset management firm.

We Are Deeply Concerned with Mr. Falcone’s History of Regulatory and Legal Issues, Which Are Uncommon for a Public Company Chairman and Chief Executive Officer

We are concerned about the appropriateness and legitimacy of the services that HC2 may be receiving from Mr. Falcone and his affiliates, especially given past infractions. Mr. Falcone entered into a settlement agreement with the SEC in 2013 after admitting wrongdoing and agreeing to a ban from the investment advisor industry, including a prohibition on adding new clients.⁶ Yet he and Harbinger Capital Partners still established a "Services Agreement" in 2015 with HC2, which controls more than \$4 billion of securities via Continental General, its insurance subsidiary.⁷ It is also noteworthy that although HC2 has a significant amount of capital invested in the insurance space, the person in control of HC2—Mr. Falcone is actually banned from the sector in several states, including New York.⁸ In addition, numerous public reports have noted that Mr. Falcone was previously fined \$18 million by the SEC and was thereafter required to pay more than \$30 million to New York State to settle a tax evasion case.⁹ Finally, Mr. Falcone’s financial practices are again being scrutinized, as Melody Business Finance LLC, a respected creditor, has filed a lawsuit against Mr. Falcone in the New York State Supreme Court for more than \$65.8 million.¹⁰ The lawsuit contains shocking allegations that after Mr. Falcone allegedly defaulted on a series of loans and failed to follow through on his unconditional personal guaranty, he improperly and willfully sold some of the underlying collateral. The court filings are publicly available on the New York Supreme Court website (<http://ww2.nycourts.gov/courts/1jd/supctmanh/index.shtml>) under Index No. 651155/2020. Similarly, it was recently publicly disclosed that his accomplished former law firm not only obtained a substantial judgment against him, but even froze his personal assets.¹¹ We urge shareholders to read the press reports for themselves and decide if they can think of any other public company CEO facing such devastating public financial accusations.

We Are Deeply Concerned with the Composition and Qualification of the Current Board

A review of HC2’s 2019 Proxy Statement and other publicly-available information reveals that a majority of the incumbent directors have long-standing connections to Mr. Falcone through relationships and ties stemming from professional endeavors, leading us to once again strongly question the level of independence in the boardroom. We also contend that multiple members of the Board are either underqualified in business segments of relevance to HC2 or have track records that include poor performance and regulatory issues. We believe it is notable that Board member Robert V. Leffler, Jr., who served as Lead Independent Director from June 2016 through February 2020, failed to check Mr. Falcone’s transactions with related parties over the course of several years and continues to lack any stated expertise in construction, insurance, energy, and marine services. While Mr. Leffler does have stated expertise in the advertising space, we fail to see how that qualifies him for his past or present roles on the Board of a diversified holding company. We also feel it is deeply distressing that Board member Lee S. Hillman was Chairman and Chief Executive Officer at Bally Total Fitness prior to its bankruptcy and during the period in which the SEC ultimately focused on during its investigation of the entity’s accounting practices.¹² We believe Mr. Hillman’s leadership of a business that had to settle accounting fraud charges needs to be assessed by stockholders when they are contemplating the Board’s ability to address HC2’s high costs, sizable debt load, and related party transactions involving Mr. Falcone. Lastly, given Mr. Falcone’s own history of regulatory issues and the current volume of legal proceedings he is facing related to reported personal financial difficulties, we firmly believe that his service as Chairman—and involvement at any level of the Company—is not in stockholders’ best interests.

We Are Deeply Concerned with the Board’s Seeming Inability to Curtail Excessive and Questionable Corporate Expenses

HC2’s “Non-Operating Corporate” segment lost \$25.9 million in “Adjusted EBITDA” in 2018.¹³ In addition, management was paid more than \$4 million in equity compensation that year.¹⁴ That brings total corporate expenses over the full-year period to more than \$30 million. Given that HC2 had a market capitalization of approximately \$100 million at the end of 2018, we find this level of spending to be damning evidence of excessive waste and validation of our view that Mr. Falcone and the Board are not prioritizing independent stockholders’ interests. It is also worth highlighting that expenses continued to spiral out of control in 2019, with “Adjusted EBITDA” of negative \$15.2 million through the end of September 2019.¹⁵

We Have a Superior Path Forward: Our Nominees Possess the Experience, Expertise and Independent Ownership Mentality Needed to Maximize Value for All of HC2's Stockholders

For the reasons set forth above, we believe the current board has demonstrated its inability to act in stockholders best interests, its inability to provide proper oversight of its Chairman & CEO, and its failure to hold him accountable for the destruction of stockholder value that has marked his tenure as Chairman & CEO of HC2. In contrast, our six highly-qualified Nominees will apply their collective experience and knowledge to pursuing the right strategy for unlocking HC2's full potential, ridding the Company of inappropriate conflicts, and closing the excessive valuation gap that has been eroding stockholder value for years. We believe significant opportunities exist to immediately unlock stockholder value. After conducting a thorough analysis of HC2's deficiencies and needs, we worked to assemble a world-class slate of directors that have experience investing in companies and operating businesses across the Company's priority sectors. Our nominees possess diverse expertise in insurance, energy, telecommunications, investment management, operational turnarounds, debt restructurings, and regulatory affairs—all areas that will support our plan and our long-term vision for enhancing stockholder value. We believe a small company such as HC2 would be fortunate to have such accomplished individuals as stewards of their investment.

We intend to provide more detail and information about our proposed path forward and plan for a better HC2 in the weeks to come. If elected, our Nominees will be fully committed to carrying out its articulated vision in an efficient and timely manner in order to put HC2 on the road to strong value creation.

PROPOSAL 1 — THE BYLAW RESTORATION PROPOSAL

We are asking you to consent to the adoption of the Bylaw Restoration Proposal to ensure that the incumbent Board does not limit the effect of your consent to remove all six of the current directors (as well as any other person or persons appointed to the Board to fill any vacancy or any newly-created directorships) and the election of the Nominees through changes to the Bylaws not filed with the SEC on or before March 12, 2019, which have the effect of limiting existing stockholders' rights and abilities to take action in their capacity as stockholders of the Company. The Bylaw Restoration Proposal sets aside any Bylaw Amendment that has been adopted after March 12, 2019 until such time as the stockholders of the Company have an opportunity to review and ratify all such Bylaw Amendments at an annual or special meeting and/or by written consent. The following is the text of the Bylaw Restoration Proposal:

“RESOLVED, that any provision of the Bylaws of HC2 Holdings, Inc. as of the effectiveness of this resolution that was not included in the Fourth Amended and Restated By-Laws filed with the Securities and Exchange Commission on March 12, 2019 (each, a “Bylaw Amendment”), be and are hereby suspended, rendered temporarily ineffective, stayed and shall have no force or effect until such time as the stockholders of the Company have approved all such Bylaw Amendments at an annual or special meeting and/or by written consent.”

If the Board does not affect any additional changes to the version of the Bylaws publicly available in filings by the Company with the SEC on or before March 12, 2019, the Bylaw Restoration Proposal will have no further effect. However, if the incumbent Board has made additional changes since that time, such as amending the provision in the Bylaws to change the procedure by which a record date is set in connection with a consent solicitation, the Bylaw Restoration Proposal, if adopted, will suspend and render temporarily ineffective the change and restore the Bylaws to the version that was publicly available in filings by the Company with the SEC on March 12, 2019, without considering the nature of any changes the incumbent Board may have adopted. As a result, the Bylaw Restoration Proposal could have the effect of setting aside bylaw amendments which one or more stockholders of the Company may consider to be beneficial to them or to the Company. However, the Bylaw Restoration Proposal preserves all Bylaw Amendments to be considered by stockholders at the Company's next annual or special meeting and/or by written consent, if the Board so chooses. The Participating Stockholders are not currently aware of any specific bylaw provisions that would be suspended by the adoption of the Bylaw Restoration Proposal.

WE URGE YOU TO CONSENT TO THE BYLAW RESTORATION PROPOSAL.

PROPOSAL 2 — THE REMOVAL PROPOSAL

We are asking you to consent to the Removal Proposal to remove all six members of the existing Board, as well as any other person or persons appointed to the Board to fill any vacancy or any newly-created directorships (which, for the avoidance of doubt, excludes persons elected pursuant to this consent solicitation). The following is the text of the Removal Proposal:

“RESOLVED, that Philip A. Falcone, Robert V. Leffler, Jr., Wayne Barr, Jr., Warren H. Gfeller, Lee Hillman, Julie Springer and any other person elected or appointed to the board of directors of the Company (the “Board”) at any future time or upon any event (other than those elected by this consent solicitation) be, and each of them hereby is, removed from the Board.”

The Board is currently composed of six directors.

Section 141(k) of the DGCL provides that any director or the entire board of directors of a Delaware corporation may be removed, with or without cause, by the holders of a majority of the shares then entitled to vote at an election of the corporation’s directors, subject to exceptions if the corporation has a classified board or permits cumulative voting in the election of its directors. The Bylaws and Second Amended and Restated Certificate of Incorporation, as amended (the “Charter”), state that directors shall serve for a term of one year and shall be elected by a majority of the votes cast with respect to each director, and therefore the Company does not have a “staggered” or “classified” board or cumulative voting in the election of its directors. Consequently, Section 141(k) of the DGCL permits the stockholders of the Company to remove any director or the entire Board without cause. This is what we are asking you to do. If you wish to consent to the removal of certain of the members of the Board, but not all of them, you may do so by checking the appropriate “consent” box on the enclosed **GREEN** consent card and writing the name of each such director that the stockholder does not wish to remove. We do not intend to seek to increase the number of Board members if stockholders do not consent to the removal of one or more directors. If fewer than six directors are removed pursuant to the Removal Proposal and there are more Nominees receiving the requisite number of consents to fill vacancies pursuant to the Election Proposal (i.e., affirmative consent of the holders of at least a majority of the shares entitled to vote) than the number of such resulting vacancies, then, provided that our Nominees constitute a majority of the newly re-constituted Board, the Board intends to appoint the Nominees receiving the most votes in descending order (i.e., the Nominee receiving the highest number of consents will be appointed first, the Nominee receiving the second highest number of consents will be appointed second, and so forth, until there are no remaining vacancies, provided that each appointed Nominee has received the affirmative consent of the holders of at least a majority of the shares entitled to vote).

The Participating Stockholders will file and deliver a supplement to the consent statement confirming the number of Common Stock and Preferred Stock outstanding as of the Record Date and the number of consents that would be required to approve the Proposals, once that information is known

The consent of the holders of at least a majority of the holders of the outstanding voting securities would be necessary to effect Proposal 2 and remove the six members of the Board. If any stockholder consenting to Proposal 2 writes in the name of any existing directors that such stockholder does not wish to be removed, then the total number of shares represented by any such consent card will be subtracted from the total number of shares consenting to the removal of such director pursuant to Proposal 2. In the event that holders of less than a majority of the shares of outstanding voting securities consent to the removal of any existing director, then such director will not be removed pursuant to Proposal 2. The actual number of consents necessary to effect the Proposals will depend on the facts as they exist on the Record Date.

WE URGE YOU TO CONSENT TO THE REMOVAL PROPOSAL.

PROPOSAL 3 — THE ELECTION PROPOSAL

We do not believe the current Board has been acting in the best interests of the stockholders, as discussed in further detail in the “Reasons for the Solicitation” section of this Consent Statement. Accordingly, we are asking you to consent to elect, without a stockholders’ meeting, each of the following individuals to serve as a director of the Company: George Brokaw, Kenneth Curtis, Michael Gorzynski, Robin Greenwood, Liesl Hickey and Jay Newman. The following is the text of the Election Proposal:

“RESOLVED, that George Brokaw, Kenneth Curtis, Michael Gorzynski, Robin Greenwood, Liesl Hickey and Jay Newman, are hereby elected to serve as directors of the Company (or, if any such nominee is unable or unwilling to serve as a director of the Company, or if there are additional vacancies on the board of directors, any other person designated as a nominee by the affirmative vote of a majority of the newly elected Board).”

All of the Nominees, if elected, would serve as a single class together on the Board. Each would hold office until such person’s successor has been elected or until such person’s death, resignation, retirement, or removal. If six incumbent directors are removed pursuant to the Removal Proposal, then your consent to elect the Nominees will have the legal effect of electing to the Board our six highly qualified director Nominees to serve on a Board composed of six members.

If we are successful in its solicitation of written consents to remove and replace all existing members of the Board, then a change in control of the Board may be deemed to have occurred under certain of the Company’s material contracts and agreements. Such a change in control may trigger change in control provisions or payments in certain of the Company’s plans and agreements, including in the Company’s employment and/or severance agreements with its named executive officers and, potentially, certain equity plans.

According to the Company’s preliminary consent revocation statement, each of the (i) Certificate of Designation of Series A Convertible Participating Preferred Stock (the “Series A Certificate of Designation), (ii) the Certificate of Designation of Series A-2 Convertible Participating Preferred Stock (the “Series A-2 Certificate of Designation,” and together with the Series A Certificate of Designation, the “Certificates of Designation”), each governing the Preferred Stock, (iii) the Company’s Second Amended and Restated 2014 Omnibus Equity Award Plan (the “Second Amended Plan”) and (iv) the Company’s Amended and Restated 2014 Omnibus Equity Award Plan (the “Amended Plan” and together with the Second Amended Plan, the “Equity Plans” and together with the Certificates of Designation, the “Affected Documents”), contain a “change in control” provision, which would be triggered in the event the Removal Proposal and the Election Proposal are approved. Based on our review of the “change in control” provisions of the Affected Documents, we believe these provisions were designed and adopted with the express purpose to be entrenchment mechanics for the incumbent Board and nominees of Mr. Falcone’s choosing. In particular, we note that definition of “Change of Control” under each of the Certificates of Designation includes a specific carve-out for directors nominated or elected to the Board by any HRG Affiliate – which is broadly defined to include **Philip A. Falcone, the Harbinger entities or generally any entity that controls, is controlled by or is under common control with Philip A. Falcone or the Harbinger entities.**

If the Removal Proposal and the Election Proposal are approved, then the newly constituted Board intends to immediately engage with the Preferred Shareholders and the participants under the Equity Plans in order to waive, restructure or otherwise amend the potential consequences of a change of control under the Affected Documents in order to maximize Company cash. The Participants cannot predict the outcome of such negotiations and we can make no assurances that there will not be any material consequences triggered by the success of this consent solicitation under the terms of the Affected Documents.

Further, we have not conducted any review of agreements entered into by the Company other than those disclosed in the Company’s public filings and, if additional affected agreements exist, we can make no assurances that there will not be any material consequences triggered by the success of this consent solicitation under the terms of any such agreement.

We believe that each Nominee presently is, and if elected as a director of the Company, each of the Nominees would be, an “independent director” within the meaning of (i) applicable New York Stock Exchange listing standards applicable to board composition and (ii) Section 301 of the Sarbanes-Oxley Act of 2002. It is in this context that we use the word “independent” in describing its nominees.

Each of the Nominees other than Mr. Courtis is a citizen of the United States of America. Mr. Courtis is a citizen of Canada.

Other than as disclosed in herein, there are no arrangements or understandings between Percy Rockdale, MG Capital Management or their affiliates and the Nominees or any other person or persons pursuant to which the nominations are to be made by Percy Rockdale and MG Capital Management.

As described more fully in the caption “**ADDITIONAL PARTICIPANT INFORMATION**”, as of the date hereof, by virtue of his positions as sole Manager of Percy Rockdale and sole Director of MG Capital Management, Mr. Gorzynski may be deemed to beneficially own [2,649,038] shares of Common Stock, consisting of (i) the [2,639,038] shares of Common Stock beneficially owned by the Percy Rockdale and (ii) the [10,000] shares of Common Stock beneficially owned by MG Capital Management Ltd. For information regarding transactions during the past two years in securities of the Company that by Mr. Gorzynski may be deemed to beneficially own, see Schedule I. As of the date hereof, Mr. Brokaw owns [40,000] shares of Common Stock. As of the date hereof, Mr. Courtis [237,336] shares of Common Stock. The shares of Common Stock owned by Messrs. Brokaw and Courtis were each purchased in the open market with personal funds. As of the date hereof, none of the other Nominees own any shares of Common Stock.

The Election Proposal is conditioned, in part, upon the effectiveness of the Removal Proposal. If none of the members of (or appointees to) the Board are removed pursuant to the Removal Proposal, and there are no vacancies to fill, none of the Nominees can be elected pursuant to the Election Proposal. If fewer than six directors are removed pursuant to the Removal Proposal and there are more Nominees receiving the requisite number of consents to fill vacancies pursuant to the Election Proposal (i.e., affirmative consent of the holders of at least a majority of the shares entitled to vote) than the number of such resulting vacancies, then, provided that our Nominees constitute a majority of the newly re-constituted Board, the Board intends to appoint the Nominees receiving the most votes in descending order (i.e., the Nominee receiving the highest number of consents will be appointed first, the Nominee receiving the second highest number of consents will be appointed second, and so forth, until there are no remaining vacancies, provided that each appointed Nominee has received the affirmative consent of the holders of at least a majority of the shares entitled to vote).

Although we have no reason to believe that any of the Nominees will be unable or unwilling to serve as directors, if any of the Nominees are not available for election, we may designate such other nominee or nominees to be elected to the Board. In such case, we would identify and properly designate such substitute nominees in accordance with the Bylaws as well as file an amended consent statement that (1) identifies the substitute nominee, (2) discloses whether such nominee has consented to being named in the revised consent statement and to serve if elected, and (3) includes the disclosure required by Items 5(b) and 7 of Schedule 14A with respect to such nominee, and shares of Common Stock and Preferred Stock represented by the enclosed **GREEN** consent card will be voted for such substitute nominee(s). Each of the Nominees has agreed to be named in this Consent Statement and to serve as a director of the Company, if elected. The **GREEN** consent card delivered with this Consent Statement provides each stockholder with the opportunity to approve the Election Proposal in part by designating the names of any of the Nominees whom such stockholder does not want elected to the Board.

WE URGE YOU TO CONSENT TO THE ELECTION OF ALL SIX OF THE NOMINEES.

CONSENT PROCEDURES

Section 228 of the DGCL provides that, absent a contrary provision in a Delaware corporation's certificate of incorporation, any action that is required or permitted to be taken at a special or annual meeting of the corporation's stockholders may be taken without a meeting, without prior notice, and without a vote, if consents in writing, setting forth the action so taken, are signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted and such consents are properly delivered to the corporation by delivery to its registered office in Delaware, its principal place of business, or an officer or agent of the corporation having custody of the book in which proceedings of meetings of stockholders are recorded. the Company's Certificate of Incorporation, as amended, does not contain any such contrary provision.

Section 141(k) of the DGCL provides that any director or the entire board of directors of a Delaware corporation may be removed, with or without cause, by the holders of a majority of the shares then entitled to vote at an election of the corporation's directors, subject to exceptions if the corporation has a classified board or cumulative voting in the election of its directors. The Company does not have a classified board or cumulative voting in the election of its directors. Accordingly, under Delaware law, the entire Board or any individual director may be removed from office, with or without cause, by the affirmative vote of stockholders holding at least a majority of the then outstanding shares of the Company entitled to vote at an election of directors.

Article I, Section 1.9 of the Bylaws states, in relevant part, that "any action which may be taken at any annual meeting or special meeting of the stockholders, may be taken without a meeting, without prior notice and without a vote, if a consent or consents in writing, setting forth the action so taken, shall be signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares entitled to vote thereon were present and voted". Article II, Section 4 of the Bylaws currently states, in relevant part, that "[e]ach director shall be elected by a vote of the majority of the votes cast with respect to that director at any meeting for the election of directors at which a quorum is present". If fewer than six directors are removed pursuant to the Removal Proposal and there are more Nominees receiving the requisite number of consents to fill vacancies pursuant to the Election Proposal (i.e., affirmative consent of the holders of at least a majority of the shares entitled to vote) than the number of such resulting vacancies, then, provided that our Nominees constitute a majority of the newly re-constituted Board, the Board intends to appoint the Nominees receiving the most votes in descending order (i.e., the Nominee receiving the highest number of consents will be appointed first, the Nominee receiving the second highest number of consents will be appointed second, and so forth, until there are no remaining vacancies, provided that each appointed Nominee has received the affirmative consent of the holders of at least a majority of the shares entitled to vote).

Under Section 141(f) of the DGCL and Article I, Section 9 of the bylaws, for the Proposals to be effective, properly completed and unrevoked written consents must be delivered to the Company within 60 days of the earliest dated written consent delivered to the Company. On March 13, 2020, we delivered the initial written consent to the Company. Consequently, we will need to deliver properly completed and unrevoked written consents to the Proposals from the holders of record of a majority of the outstanding voting securities as of the close of business on the Record Date no later than May 12, 2020. Nevertheless, we intend to set April [], 2020, as the target date for submission of written consents. **WE URGE YOU TO ACT TODAY TO ENSURE THAT YOUR CONSENT WILL COUNT.** We reserve the right to submit to the Company consents at any time within 60 days of the earliest dated written consent delivered to the Company.

If the Proposals become effective as a result of this consent solicitation by less than unanimous written consent, prompt notice of the Proposals will be given under Section 228(e) of the DGCL to stockholders who have not executed written consents. All stockholders will be notified as promptly as possible by press release of the results of this consent solicitation.

Holders of record of Common Stock and Preferred Stock outstanding as of the Record Date are entitled to consent on the items set forth in our Consent Statement. We are commencing our solicitation of consents on or about March [], 2020, which is before the Record Date. Each stockholder of record on April 2, 2020 who has not yet received a Consent Statement prior to that date will receive a Consent Statement and have the opportunity to consent on the matters described in the Consent Statement. Consents delivered prior to the Record Date will be valid and effective so long as the stockholder providing the consent is a holder of record on the Record Date. If you are not a holder of record on the Record Date, any consent you deliver will be invalid and will not be counted. If you deliver a consent prior to the Record Date and remain a holder on the Record Date, you do not need to deliver another consent after the Record Date. If you deliver a consent prior to the Record Date and do not revoke that consent, your consent will be deemed to cover the number of shares you own on the Record Date even if that number is different from the number of shares you owned when you executed and delivered your consent. Consents received from persons who are not holders of record on the Record Date will not be effective.

Revocation of Written Consents

An executed consent card may be revoked at any time by delivering a written consent revocation before the time that the action authorized by the executed consent becomes effective. Revocations may only be made by the record holder that granted such consent. A revocation may be in any written form validly signed by the record holder as long as it clearly states that the consent previously given is no longer effective. The delivery of a subsequently dated consent card that is properly executed will constitute a revocation of any earlier consent. The revocation may be delivered either to us or to the principal executive offices of the Company. Although a revocation is effective if delivered to the Company, we request that either the original or photostatic copies of all revocations of consents be mailed or delivered to the Participating Stockholders, c/o Saratoga, at the address set forth on the back cover of this Consent Statement, so that we will be aware of all revocations and can more accurately determine if and when sufficient unrevoked consents have been received.
