Item 1.01. Entry into a Material Definitive Agreement.

Investment Agreement

On September 9, 2020, HC2 Holdings, Inc. (the “Company”) entered into an Investment Agreement (the “Investment Agreement”) with Lancer Capital LLC (“Lancer Capital”), an investment fund led by Avram Glazer, the Chairman of the Board of Directors of the Company (the “Board”), and the Company’s largest stockholder, in connection with the rights offering (the “Rights Offering”) described in Item 8.01 of this Current Report.

Subject to the terms and conditions of the Investment Agreement, Lancer Capital has agreed to purchase up to \$35 million aggregate amount (the “Equity Commitment Amount”) of the Company’s newly issued Non-Voting Participating Convertible Preferred Stock, liquidation preference \$0.01 per share (the “Preferred Stock”), for an issue price of \$1,000 per share. Prior to the consummation of the Rights Offering, the Company may request the funding of up to \$10 million of the Equity Commitment Amount in minimum installments of at least \$1.0 million per funding request without the consent of Lancer Capital, *provided* that the Company may request funding in excess of \$10 million up to the full amount of the Equity Commitment Amount with the prior written consent of Lancer Capital (such funding, collectively, the “Initial Funding Amount”).

In connection with the Rights Offering, the Investment Agreement provides that, to the extent that Lancer Capital is precluded by applicable rules and regulations (including those of the New York Stock Exchange (“NYSE”) and Texas Department of Insurance (“TDI”) and any other applicable regulators) from purchasing voting common stock by exercising rights received in the Rights Offering, Lancer Capital will purchase additional Preferred Stock (in excess of any Initial Funding Amount) equivalent to its allocable right to participate in the Rights Offering (i.e., its basic subscription right in the Rights Offering with respect to its common equity ownership percentage on an as-exercised basis on the Rights Offering record date without giving effect to any issuance of shares of Preferred Stock, plus any exercise of the oversubscription privilege) in an aggregate amount not to exceed the Equity Commitment Amount (the “Allocable Participation Right”). The Investment Agreement also restricts Lancer Capital from purchasing or otherwise acquiring any other subscription rights issued by the Company in the Rights Offering.

The Investment Agreement includes customary standstill provisions that restrict the ability of Lancer Capital and its affiliates and associates (collectively, the “Lancer Entities”) from, among other things, acquiring (i) equity securities of the Company that would result in the Lancer Entities having beneficial ownership of more than 33% of the Company’s then-outstanding common stock, (ii) equity securities of the Company’s subsidiaries or (iii) any debt securities or indebtedness of the Company or its subsidiaries, until the first anniversary of the execution of the Investment Agreement (the “Standstill Period”). Any acquiror of a block of greater than 9.9% of the Company’s common stock beneficially owned by the Lancer Entities (and any subsequent acquiror of such a block) will be required during the Standstill Period to be bound by the same standstill provisions.

Preferred Stock

The Preferred Stock is expected to be issued pursuant to, and governed by, the terms of a Certificate of Designations (the “CoD”) designating the Preferred Stock, substantially in the form attached hereto as Exhibit 4.1.

Dividends and Voting Rights

The Preferred Stock will participate on an as-converted basis in all dividends, distributions, merger consideration and all other consideration receivable by holders of the Company's common stock. The holders of the shares of the Preferred Stock will not be entitled to vote, except as prescribed by Delaware General Corporation Law and in the other limited circumstances provided for in the CoD.

Conversion Rights

Following the consummation of the Rights Offering, but prior to the receipt of the approval of the holders of the Company's common stock in accordance with the rules of the NYSE (such approval, the "Stockholder Approval") of the issuance of common stock to holders of the Preferred Stock (if such Stockholder Approval is not obtained prior to the consummation of the Rights Offering), each holder of Preferred Stock will have the right to convert the Preferred Stock held by such holder into shares of common stock up to an amount permitted by the NYSE rules prior to obtaining Stockholder Approval, the rules and regulations of the Texas Department of Insurance (the "TDI") and any other applicable regulators. Following the consummation of the Rights Offering, but prior to receiving the Stockholder Approval (if such Stockholder Approval is not obtained prior to the consummation of the Rights Offering), Lancer Capital will be permitted to convert Preferred Stock into an amount of the Company's common stock not to exceed one percent of the outstanding common stock prior to the issuance.

At any time that a merger, sale of all or substantially all of the assets of the Company or other change of control transaction with respect to the Company and a third party unaffiliated with any holder of the Preferred Stock pursuant to which the Company will be delisted from the NYSE (a "Third Party Sale") has been publicly announced and is still pending, holders of the Preferred Stock will have the opportunity to convert the Preferred Stock into common stock prior to the consummation of any redemption and any such conversion will be subject to, and conditioned upon, the consummation of such Third Party Sale.

Each share of Preferred Stock will be automatically converted into shares of the Company's common stock following the completion of the Rights Offering, unless previously redeemed by the Company pursuant to the redemption provisions of the CoD, upon receipt of the Stockholder Approval for the issuance of the common stock upon such conversion, except to the extent that the issuance of such common stock to a holder of Preferred Stock would exceed any ownership or issuance limits imposed by the applicable rules and regulations to which the Company is then subject, including, without limitation, the rules and regulations of the TDI and any other applicable regulators.

To the extent that, in connection with the automatic conversion, the Company's common stock issuable to Lancer Capital upon such conversion would have exceeded the Allocable Participation Right, then such shares of Preferred Stock shall remain outstanding, be non-convertible into the Company's common stock and be subject to redemption by the Company, at its option (as described below under the caption "Redemption").

Following the consummation of the Rights Offering and the occurrence of the stockholder vote for the Stockholder Approval, each holder of Preferred Stock will have the right to convert the Preferred Stock held by such holder into shares of common stock, except to the extent that the issuance of such common stock to a holder of Preferred Stock would exceed any ownership or issuance limits imposed by the applicable rules and regulations to which the Company is then subject, including, without limitation, the rules and regulations of the NYSE, the TDI and any other applicable regulators.

Redemption

Immediately prior to any automatic conversion described above, to the extent that the number of shares of common stock issuable upon the conversion of the Preferred Stock would exceed any stockholder's Allocable Participation Right, the Preferred Stock may be redeemed, at the option of the Company, with respect to such excess portion at a redemption price per share of Preferred Stock in cash and equal to \$1,000 plus 8.0% per annum uncompounded for the period from the issuance date to the redemption date (the "Redemption Price").

At any time prior to conversion of the shares of Preferred Stock into common stock, the Company may, at its option, redeem the shares of Preferred Stock, in whole or in part, at the Redemption Price.

Any Preferred Stock outstanding on, and not converted prior to, the sixth anniversary of the initial issuance of shares of the Preferred Stock, will be redeemed by the Company at a price per share payable in cash and equal to the Redemption Price, out of funds of the Company legally available therefor, except to the extent that such redemption would otherwise violate the terms of any of the Company's then outstanding debt or preferred stock instruments.

Liquidation Preference

In the event of any liquidation, dissolution or winding up of the Company, the Preferred Stock will have a liquidation preference junior to the Company's existing preferred stock and equal to the Company's common stock (other than a preference of \$0.01 per share of Preferred Stock that will be paid to the holders of the Preferred Stock before any payment or distribution is made to the holders of the common stock).

Registration Rights Agreement

Lancer Capital will have certain customary shelf demand and piggyback registration rights with respect to the common stock issuable upon conversion of the Preferred Stock (the "registrable common stock") pursuant to the terms of a registration rights agreement substantially in the form attached to the Investment Agreement (the "Registration Rights Agreement").

Pursuant to the terms of the Registration Rights Agreement, the Company will be required to file, either a prospectus supplement to an existing registration statement on Form S-3 or a new registration statement on Form S-3 (or such other form under the Securities Act then available to the Company), and to use commercially reasonable efforts to cause any such new registration statement be declared effective by the SEC, in either case, providing for the resale from time to time by Lancer Capital of the registrable common stock. Lancer Capital will also be permitted to request one or more underwritten shelf takedowns from such resale registration statement, *provided* that each underwritten shelf takedown must be for a minimum number of shares of registrable common stock, together with any shares of common stock to be sold for the account of the Company and any other participating stockholders, that equals at least 15% of the Company's then total outstanding market capitalization for its common stock. Lancer Capital will also be entitled to request to participate in, or "piggyback" on, registrations of the Company's common stock for sale by the Company or any other person at any time.

The registration rights described above will be subject to certain conditions and limitations, including the right of the underwriters to limit the number of shares to be included in a registration statement, a 120-day cooling off period following the filing of any registration statement or pricing of any underwritten offering, and the Company's right to delay, suspend or withdraw a registration statement

under specified circumstances. For example, the Company may delay the filing or effectiveness of any registration statement or use of any prospectus related thereto for a reasonable period of time not to exceed 60 days in succession or 180 days in the aggregate in any 12-month period if the Board determines in good faith and in its reasonable judgment that it is required to disclose in the registration statement a financing, acquisition, corporate reorganization or other similar transaction or other material event or circumstance affecting the Company or its securities.

The Company will bear the expenses incurred in connection with registrations under the registration rights agreement (including the fees of its legal counsel and auditors), other than any underwriting fees and commissions attributable to any registrable common stock sold by Lancer Capital and all fees and disbursements of Lancer Capital's counsel. The Company will also agree to indemnify Lancer Capital against certain customary liabilities, including liabilities under the Securities Act.

The foregoing descriptions of the terms of the Investment Agreement, the CoD and the Registration Rights Agreement do not purport to be complete and are qualified in their entirety by reference to the Investment Agreement, the CoD and the Registration Rights Agreement, copies of which are attached to this Current Report as Exhibit 10.1, Exhibit 4.1 and Exhibit 10.2, respectively, and are incorporated herein by reference.

Item 3.02. Unregistered Sales of Equity Securities.

Preferred Stock Issuance

The information in Item 1.01 of this Current Report is incorporated herein by reference.

As described in Item 1.01 of this Current Report, the Company has agreed to issue and sell shares of Preferred Stock to Lancer Capital. This issuance and sale will be consummated without registration under the Securities Act, in reliance upon an exemption from the registration requirements of the Securities Act under Section 4(a)(2) of the Securities Act. The Company is basing such reliance upon representations made by Lancer Capital, including, but not limited to, representations as to Lancer Capital's status as an "accredited investor" (as defined in Rule 501(a) under the Securities Act) and Lancer Capital's investment intent. The Preferred Stock is not being offered or sold by any form of general solicitation or general advertising (as such terms are used in Rule 502 under the Securities Act). The Preferred Stock and the shares of common stock issuable upon conversion thereof may not be re-offered or sold in the United States absent an effective registration statement or an exemption from the registration requirements under applicable federal and state securities laws.

In accordance with the terms and conditions of the Investment Agreement, the Company currently intends to request that Lancer Capital fund up to \$5,600,000 of its Equity Commitment Amount prior to commencement of the Rights Offering in consideration of the Company's issuance of up to 5,600 shares of the Preferred Stock to Lancer Capital. Additional funding requests may be made thereafter depending, in part, on the timing of completion of the Rights Offering.

Item 5.03. Amendment to Articles of Incorporation or Bylaws, Change in Fiscal Year.

To create the Preferred Stock issuable under the Investment Agreement, the Company will amend its amended and restated certificate of incorporation by filing the CoD, which is attached as Exhibit 4.1 hereto and incorporated herein by reference. The information in Item 1.01 of this Current Report on Form 8-K is incorporated herein by reference.

Item 8.01. Other Events.

Rights Offering

On September 9, 2020, the Company issued a press release announcing the Board's approval of a plan to proceed with steps to commence a rights offering (the "Rights Offering") to its existing common stockholders, including Lancer Capital, and holders of its outstanding preferred stock that are entitled to participate in dividend distributions to its common stockholders (collectively, the "existing stockholders"). The Rights Offering is expected to be made through a distribution of transferable subscription rights to each existing stockholder with each subscription right entitling the existing stockholder to purchase one share of the Company's common stock at a subscription price equal to \$2.27 per share. Each existing stockholder is expected to receive a number of subscription rights equal to its *pro rata* portion of the total shares of common stock and applicable preferred stock outstanding as of a record date to be determined.

Notwithstanding the foregoing, Lancer Capital will not be permitted to exercise or transfer any subscription rights received by it, or to acquire other rights, in the rights offering, which rights are required to be held by Lancer Capital until the expiration thereof. In lieu of exercising its subscription rights, Lancer Capital will purchase Preferred Stock up to the Equity Commitment Amount pursuant to the Investment Agreement as described above under the caption "Investment Agreement" in Item 1.01 of this Current Report.

The Company has filed a registration statement on Form S-3 (File No. 333-248695) with the Securities and Exchange Commission (the "SEC"). Further details of the Rights Offering, including the record date and subscription period, will be publicly announced and a supplement to the prospectus forming a part of the registration statement containing the detailed terms of the Rights Offering will be filed by the Company with the SEC following the SEC declaring the registration statement effective. The Company intends to launch the Rights Offering in 2020 promptly following approval of the final terms of the Rights Offering by the Board and the effectiveness of the registration statement.

Assuming the Rights Offering is fully subscribed, the Company currently expects to receive aggregate gross proceeds of approximately \$65 million. The Company expects to use the net proceeds of the Rights Offering for general corporate purposes.

The Rights Offering includes an over-subscription right, which permits each rights holder that exercises the basic subscription right in full the option to purchase additional shares of common stock that remain unsubscribed at the expiration of the Rights Offering. The over-subscription right is subject to the availability and *pro rata* allocation of shares among holders exercising their over-subscription right. Lancer Capital will only be entitled to purchase rights or additional Preferred Stock convertible into common stock, as applicable (in excess of any Initial Funding Amount), in an amount equal to the shares of common stock and Preferred Stock it would have been entitled to receive had it been entitled to exercise its subscription rights (including the oversubscription privilege) in an amount up to the Equity Commitment Amount.

Mr. Gorzynski, a member of the Board, has informed the Company that Percy Rockdale LLC, MG Capital Management Ltd. and Rio Royal LLC, of which he is the sole manager or sole director, as applicable, currently intend to subscribe in the Rights Offering for at least their respective full basic subscription rights. Such entities collectively beneficially own approximately 6.0% of the outstanding common stock of the Company as of July 31, 2020. In addition, Jefferies Group LLC, which beneficially

owns approximately 7.5% of the outstanding common stock of the Company as of July 31, 2020, has also informed the Company that it currently intends to subscribe in the Rights Offering for its full basic subscription rights. However, there is no guarantee or commitment that any of Percy Rockdale LLC, MG Capital Management Ltd., Rio Royal LLC or Jefferies will ultimately decide to exercise any of its rights, including its basic subscription rights.

As of the date of this Current Report, the Company has not entered into any definitive agreement with any party with respect to the Rights Offering, other than Lancer Capital's Allocable Participation Right under the Investment Agreement (as described above under the caption "Investment Agreement" in Item 1.01 of this Current Report). The terms of the Rights Offering are subject to change, and the Rights Offering may be withdrawn or terminated at any time and for any reason, in the Company's sole discretion.

A copy of the press release relating to the matters set forth in this Item 8.01 is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

This Current Report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, including statements regarding the Rights Offering, parties who have indicated their intention to subscribe in the Rights Offering, the timing thereof and expected use of proceeds therefrom, the Company's ability to complete the Rights Offering on the expected terms or at all, and other information and statements that are not historical fact. Not a Solicitation

This Current Report does not constitute an offer to sell or a solicitation of an offer to buy the securities described above, and shall not constitute an offer, solicitation or sale, nor shall there be any sale of such securities of the Company in any state or other jurisdiction in which such offer, solicitation, or sale would be unlawful prior to registration or qualification under the securities laws of any such state or other jurisdiction.

Investment Agreement

September 9, 2020
Lancer Capital LLC
777 South Flagler Drive Suite 800W
West Palm Beach, FL 33401
Attn: Avram A. Glazer

Ladies and Gentlemen:

HC2 Holdings, Inc., a Delaware corporation (the “Company”), is raising additional equity capital through the Rights Offering (this and certain other terms used herein are defined in Section 12 of this agreement (this “Agreement”)) pursuant to which the Company would distribute to its common stockholders, and holders of its outstanding preferred stock that are entitled to participate in dividend distributions to its common stockholders, transferable rights to purchase up to \$65,000,000 of its Common Stock on a pro rata basis (“Rights Offering Amount”) and has had discussions with Lancer Capital LLC, a Delaware limited liability company (the “Purchaser”), regarding the Purchaser’s willingness to effectively “back-stop” a portion of the Rights Offering by purchasing the Preferred Shares pursuant to the terms of, and subject to the conditions contained in, this Agreement up to \$35,000,000 (the “Equity Commitment Amount”). In addition, the Company has requested the Purchaser to supply a portion of such equity capital for working capital purposes in the form of a bridge investment of up to \$10,000,000 prior to completion of the Rights Offering.

NOW, THEREFORE, in consideration of the premises and the mutual agreements contained herein, and intending to be legally bound, the Company and the Purchaser hereby agree as follows:

1. Authorization of Preferred Shares. The Company has authorized and provided for the issuance of 35,000 shares of its preferred stock, par value \$0.001 per share, to be designated as “Series B Non-Voting Participating Convertible Preferred Stock” (the “Preferred Shares”). The Preferred Shares shall have the relative rights, preferences and limitations, including the right to convert the Preferred Shares into shares of the Company’s common stock, par value \$0.001 per share (the “Common Stock”), as set forth in the form of the Certificate of Designations attached as Exhibit A hereto (the “Certificate of Designations”).

2. Sale and Purchase of Preferred Shares. On the basis of the representations and warranties and subject to the terms and conditions set forth herein:

(a) At the option of the Company from time to time, which shall be exercisable by one or more notices (each a “Funding Notice”) to the Purchaser at any time prior to the consummation of the Rights Offering, the Purchaser agrees to purchase, at the Closings provided for in Section 3, up to 10,000 Preferred Shares (as such number of Preferred Shares may be increased to the extent of any increase of the Initial Funding Amount in accordance with the

succeeding proviso, the “Initial Preferred Shares”), at a purchase price of \$1,000 per Initial Preferred Share, for an aggregate purchase price of up to \$10,000,000, provided that the Company may request funding in excess of \$10,000,000 up to the full amount of the Equity Commitment Amount with the prior written consent of Purchaser, which consent may be withheld by Purchaser in Purchaser’s sole discretion (such funding, collectively, the “Initial Funding Amount”). Each Funding Notice to the Purchaser to purchase the Initial Preferred Shares shall be in installments of at least \$1,000,000.

(b) (i) Purchaser shall not, and shall cause all of its Affiliates and Associates (other than individuals to whom Rights are distributed in their individual capacities as stockholders of the Company) and all of its and their direct and indirect assigns (and subsequent assigns) of Common Stock and/or Rights not to, with respect to Rights distributed to the Purchaser, all such Affiliates and Associates and all such transferees and assigns pursuant to their subscription privileges, exercise or transfer such Rights (or exercise any over-subscription privilege attributable to such Rights) and shall hold such Rights until such time as they expire without value and (ii) to the extent that the Rights Offering is not fully subscribed by stockholders of the Company through the exercise of basic subscription rights, the Purchaser shall purchase additional Preferred Shares (the “Back-stop Shares”), in the amount equal to its Allocable Participation Right, up to, but not exceeding, the Equity Commitment Amount *less* any Initial Funding Amount (the “Back-stop Arrangement”). In the event that the aggregate subscriptions (basic subscription rights *plus* over-subscriptions) exceed the Rights Offering Amount, then the aggregate over-subscription amount will be pro-rated among the stockholders exercising their over-subscription privilege based on the basic subscription amounts of such stockholders. If the amount of Initial Preferred Shares issued pursuant to Section 2(a) exceeds the amount of shares of Common Stock the Purchaser would have been entitled to receive had it been entitled to exercise its Rights, such excess Preferred Shares shall remain outstanding unless and until the Company redeems such excess Preferred Shares pursuant to section 5 of the Certificate of Designations. In the event that there are any such excess Preferred Shares, the right of each stockholder (other than the Purchaser) to participate in the Rights Offering shall be determined without taking into account such excess Preferred Shares.

3. Closings; Payment of Purchase Price.

3.1 Closing Dates. If the Company exercises its option pursuant to Section 2(a), the sale of the Initial Preferred Shares to the Purchaser shall take place at one or more closings (each a “Closing” and collectively, the “Closings”) which shall occur at 12:00 noon, New York City time, on the fifth (5th) Business Day after any such date on which the Company delivers a Funding Notice or any such earlier date as may be agreed upon by the Company and the Purchaser.

3.2 Issuance of Preferred Shares at Closing. At each Closing, and subject to the terms and conditions hereof, the Company will deliver or cause to be delivered to the Purchaser one or more certificates evidencing the Preferred Shares being purchased at such Closing.

3.3 Payment at Closing. At each Closing, the Purchaser shall pay the purchase price for the Preferred Shares that will be delivered on such Closing by wire transfer of

immediately available funds to a bank account of the Company designated in writing by the Company in the related Funding Notice.

3.4 Form W-9. At the initial Closing, the Purchaser shall deliver to the Company a valid completed Internal Revenue Service Form W-9 from the Purchaser.

4. Conditions to Closing. The Purchaser's obligation to consummate the purchase and sale of the Initial Preferred Shares at the Closings is subject to the fulfillment, prior to or concurrently with each Closing, of the following conditions:

4.1 Performance. The Company shall have delivered certificates evidencing the number of the Initial Preferred Shares set forth in the applicable Funding Notice in accordance with Section 3.2.

4.2 Certificate of Designations. The Certificate of Designations shall have been duly filed with the Secretary of State of the State of Delaware, and the Company's Second Amended and Restated Certificate of Incorporation, as amended by the Certificate of Designations (the "Charter"), shall be in full force and effect.

4.3 Registration Rights Agreement. The Purchaser shall have received a fully executed counterparts of the Registration Rights Agreement substantially in the form attached as Exhibit B hereto (the "Registration Rights Agreement").

4.4 No Actions Pending. There shall be no proceeding by any Governmental Authority pending that would enjoin or prevent the consummation of such Closing.

5. "Back-stop" Closing; Payment of "Back-stop" Purchase Price.

5.1 "Back-stop" Closing Date. Purchaser shall purchase the Back-stop Shares pursuant to the Back-stop Arrangement, and sale of such Back-stop Shares shall take place at a closing (the "Back-stop Closing") which shall occur promptly following the offering period with respect to the Rights Offering and the satisfaction or waiver of the conditions to the Back-stop Closing set forth in Section 6 by the party entitled to waive such conditions or following such time as agreed upon by the Company and the Purchaser at the offices of Skadden, Arps, Slate, Meagher & Flom LLP, One Manhattan West, New York, New York 10001.

5.2 Issuance of "Back-stop" Shares at Closing. At the Back-stop Closing, and subject to the terms and conditions hereof, the Company will deliver or cause to be delivered one or more certificates evidencing the Back-stop Shares to be purchased at such Back-stop Closing.

5.3 Payment at Closing. At the Back-stop Closing, the Purchaser shall deposit the purchase price for the Back-stop Shares to be purchased at the Back-stop Closing by wire transfer of immediately available funds to a bank account of the Company designated in writing by the Company prior to such Back-stop Closing.

5.4 Reservation of Common Stock. The shares of Common Stock issuable upon conversion of the Preferred Shares shall have been duly authorized by all necessary

corporate action and approved for listing on the New York Stock Exchange (the “NYSE”), subject to official notice of issuance.

6. Conditions to Back-stop Closing. The Purchaser’s obligation to purchase and pay for the Back-stop Shares to be sold to the Purchaser at the Back-stop Closing is subject to the fulfillment, prior to or concurrently with the Back-stop Closing, of the following conditions:

6.1 Performance. The Company shall have delivered one or more certificates evidencing the Back-stop Shares in accordance with Section 5.2.

6.2 No Actions Pending. There shall be no proceeding by any Governmental Authority pending that would enjoin or prevent the consummation of such Back-stop Closing.

11. Registration and Transfer of Preferred Shares.

11.1 Stock Register; Ownership of Preferred Shares.

(a) The Company will keep at its principal office a register in which the Company will provide for the registration of transfers or conversion of the Preferred Shares. The Company may treat the Person in whose name any of the Preferred Shares or shares issued upon conversion of any such Preferred Shares are registered on such register as the owner thereof and the Company shall not be affected by any notice to the contrary. All references in this Agreement to a "holder" of any Preferred Shares or shares issued upon conversion of any such Preferred Shares shall mean the Person in whose name such Preferred Shares or shares issued upon conversion of any such Preferred Shares are at the time registered on such register.

(b) Upon the surrender of any certificate evidencing Preferred Shares, if certificated, properly endorsed, for registration of transfer or for conversion at the office of the Company maintained pursuant to Section 11.1(a), the Company at its expense may execute and deliver to or upon the order of the holder thereof, if certificated, (i) a new certificate or certificates

for the same aggregate number of shares of Preferred Shares less the number of Preferred Shares being converted, if any, in the name of such holder or as such holder (upon payment by such holder of any applicable transfer taxes and similar taxes) may direct, and (ii) a certificate or certificates evidencing the number of shares of Common Stock to be issued upon conversion of the Preferred Shares so surrendered.

11.2 Replacement of Certificates. 11.3 Transfer Restrictions. Prior to any transfer of any Restricted Securities which is not the subject of an effective registration statement under the Securities Act and in accordance with the plan of distribution described in such registration statement, the holder thereof will give written notice to the Company of such holder's intention to effect such transfer and to comply in all other respects with this Section 11.3. Each such notice shall describe the manner and circumstances of the proposed transfer. If within five (5) Business Days after receipt by the Company of such notice, the Company requests an opinion of counsel for such holder that the proposed transfer may be effected without registration of such Restricted Securities under the Securities Act, then the Company shall not be required to register such transfer, and the Purchaser shall not be entitled to effect such transfer, unless and until the Company receives such an opinion (which counsel and opinion shall each be reasonably satisfactory to the Company). Such holder shall thereupon be entitled to transfer such shares in accordance with the terms of the notice delivered by such holder to the Company. Each certificate representing such shares issued upon or in connection with such transfer shall bear the restrictive legends required by Section 10.2. At the time of any such transfer, each transferee shall deliver to the Company a valid completed Internal Revenue Service Form W-9 from the transferee.

**CERTIFICATE OF DESIGNATIONS
OF
SERIES B NON-VOTING PARTICIPATING CONVERTIBLE PREFERRED STOCK
OF
HC2 HOLDINGS, INC.**

The undersigned, Wayne Barr, Jr., the Interim Chief Executive Officer of HC2 Holdings, Inc. (including any successor in interest, the “Company”), a corporation organized and existing under the General Corporation Law of the State of Delaware (the “DGCL”), does hereby certify, in accordance with Sections 103 and 151 of the DGCL, that the following resolutions were duly adopted by its Board of Directors (the “Board”) on September 9, 2020:

WHEREAS, the Company’s Second Amended and Restated Certificate of Incorporation, as amended (the “Certificate of Incorporation”), authorizes 20,000,000 shares of preferred stock, par value \$0.001 per share (the “Preferred Stock”), issuable from time to time in one or more series;

WHEREAS, the Certificate of Incorporation authorizes the Board to provide by resolution for the issuance of the shares of Preferred Stock in one or more series, the number of shares in each series, the voting powers, if any, and such designations, preferences and relative, participating, optional or other special rights, and the qualifications, limitations and restrictions thereof;

WHEREAS, the Board desires, pursuant to its authority as aforesaid, to designate a new series of Preferred Stock, set the number of shares constituting such series, and the designations, preferences and relative, participating, optional or other special rights, and the qualifications, limitations and restrictions thereof.

NOW, THEREFORE, BE IT RESOLVED, that the Board hereby designates a new series of Preferred Stock, which shall be designated as the “Series B Non-Voting Participating Convertible Preferred Stock” (the “Series B Preferred Stock”) consisting of 35,000 shares, having the preferences and relative, participating, optional or other special rights, and the qualifications, limitations and restrictions relating to such series as follows (certain capitalized terms used herein are defined in Section 12 hereof):

1. Dividends.

(i) Holders of shares of the Series B Preferred Stock shall be entitled to receive, when, as and if dividends are declared by the Board out of funds of the Company legally available therefor, if such shares of Series B Preferred Stock are held of record at the close of business on any record date (each, a “Record Date”) with respect to payment of dividends on the Common Stock, the amount of dividends as set forth below. The amount of dividends payable in respect of each share of Series B Preferred Stock shall be equal to the result obtained by multiplying (a) the number of shares (including fractions) of Common Stock into which such share of Series B Preferred Stock is (or, but for the failure to obtain the Stockholder Approval,

would be) convertible on the Record Date by (b) the amount of dividends declared and paid on each share of Common Stock; provided, however, that if the Company declares and pays a dividend on the Common Stock consisting in whole or in part of Common Stock, then no such dividend shall be payable in respect of the Series B Preferred Stock on account of the portion of such dividend on the Common Stock payable in Common Stock and in lieu thereof the anti-dilution adjustment in Section 3(i) below shall apply. Holders of shares of Series B Preferred Stock shall be entitled to receive, and shall participate in the distribution of, the subscription rights to be distributed to holders of the Company's Common Stock in connection with the Company's proposed rights offering referred to in the Investment Agreement (the "Rights Offering") to the extent such Series B Preferred Stock is issued prior to the Record Date set for the Rights Offering; provided, however, that such holders of Series B Preferred Stock shall not be permitted to exercise or transfer any rights received by them in the Rights Offering, which rights shall be held by such holders of Series B Preferred Stock until the expiration thereof. No dividend shall be paid or declared on any share of Common Stock (other than dividends payable in Common Stock and other than pursuant to the Rights Offering), unless a dividend, payable in the same consideration and manner, is simultaneously paid or declared, as the case may be, on each share of Series B Preferred Stock in an amount determined as set forth above. For purposes hereof, the term "dividends" shall include any pro rata distribution by the Company, out of funds of the Company legally available therefor, of cash, property, securities (including, but not limited to, rights, warrants or options) or other property or assets to the holders of the Common Stock, whether or not paid out of capital, surplus or earnings.

(ii) Notwithstanding the foregoing, if dividends are declared in respect of the Common Stock that are payable in rights, options, warrants or other convertible or exchangeable securities (collectively, "Rights") that entitle the holders thereof to acquire shares of Common Stock (other than pursuant to the Rights Offering), the dividends payable in respect of the Series B Preferred Stock shall consist of substantially identical Rights that instead are convertible into or exercisable or exchangeable for (as the case may be) shares of convertible preferred stock that have substantially identical terms and provisions (determined by the Company in good faith) as the Series B Preferred Stock (the "New Series B Preferred Stock") and the amount of such dividend payable in respect of each share of Series B Preferred Stock shall be such that the number of shares of New Series B Preferred Stock (and/or fraction(s) thereof) into which or for which such Rights are convertible, exchangeable or exercisable shall equal that number of shares of New Series B Preferred Stock which, if fully converted, would be convertible into the number of shares of Common Stock into which or for which the Rights would have been convertible, exchangeable or exercisable had such dividend been payable to the holders of the Series B Preferred Stock in accordance with paragraph (i) above without regard to this paragraph, and the conversion price, exercise price and/or exchange rate thereof shall be determined in a similar manner (determined by the Company in good faith).

2. Conversion Rights.

(i) Following the consummation of the Rights Offering, but prior to the receipt of the approval of the Company's holders of Common Stock in accordance with the rules of the New York Stock Exchange (the "NYSE", and such approval, the "Stockholder Approval") of the issuance of Common Stock to holders of the Series B Preferred Stock (if such Stockholder Approval is not obtained prior to the consummation of the Rights Offering), each holder of

Series B Preferred Stock shall have the right to convert the Series B Preferred Stock held by such holder into such number of shares of Common Stock as described in the succeeding sentence up to an amount permitted by the NYSE rules prior to obtaining Stockholder Approval, the rules and regulations of the Texas Department of Insurance (the “TDI”) and any other applicable regulators. The number of shares of Common Stock issuable upon conversion of each share of Series B Preferred Stock shall be equal to the result obtained by dividing (a) \$1,000 by (b) the Conversion Price then in effect. Without limiting the foregoing, at any time that a merger, sale of all or substantially all of the assets of the Company or other change of control transaction with respect to the Company and a third party unaffiliated with any holder of the Series B Preferred Stock pursuant to which the Company will be delisted from the NYSE (a “Third Party Sale”) has been publicly announced and is still pending, the Series B Preferred Stock will be provided the notice pursuant to Section 5(iv) below and will have the opportunity to convert the Series B Preferred Stock into Common Stock prior to the consummation of any redemption and any such conversion will be subject to, and conditioned upon, the consummation of such Third Party Sale. Any such conversion shall be deemed effective immediately prior to the consummation of such Third Party Sale.

(ii) Each share of Series B Preferred Stock shall be automatically converted, in whole and not in part, following the consummation of the Rights Offering, unless previously redeemed by the Company pursuant to Section 5 hereof and excluding any Excess Preferred Shares (as defined below), upon receipt of the Stockholder Approval for the issuance of the Common Stock upon such conversion into such number of shares of Common Stock as described in Section 2(i) above, except to the extent that the issuance of such Common Stock to a holder of Series B Preferred Stock would exceed any ownership or issuance limits imposed by the applicable rules and regulations to which the Company is then subject, including, without limitation, the rules and regulations of the TDI and any other applicable regulators; provided, further, that any such holder of Series B Preferred Stock shall represent to the Company, and provide any necessary evidence requested by the Company, that such holder of Series B Preferred Stock is legally permitted to own and hold, and the Company is permitted to issue, the Common Stock issuable upon such conversion, and such ownership or issuance will not violate the rules and regulations of the TDI or any other applicable regulators (“Mandatory Conversion”).

(iii) Following the consummation of the Rights Offering and the occurrence of the stockholder vote for the Stockholder Approval, each holder of Series B Preferred Stock shall have the right to convert the Series B Preferred Stock held by such holder into such number of shares of Common Stock as described in Section 2(i) above, except to the extent that the issuance of such Common Stock to a holder of Series B Preferred Stock would exceed any ownership or issuance limits imposed by the applicable rules and regulations to which the Company is then subject, including, without limitation, the rules and regulations of the NYSE, the TDI and any other applicable regulators.

(iv) To convert shares of Series B Preferred Stock pursuant to Section 2(i) or Section 2(iii) hereof, a holder must (A) surrender the certificate or certificates (if any) evidencing such holder’s shares of Series B Preferred Stock to be converted, duly endorsed in a form satisfactory to the Company, at the office of the Company or transfer agent for the Series B Preferred Stock, if any, (B) notify the Company at such office that such holder elects to convert Series B Preferred Stock and the number of shares such holder wishes to convert and (C) pay any transfer

or similar tax, if required. Such notice referred to in clause (B) above shall be delivered substantially in the following form:

“NOTICE TO EXERCISE CONVERSION RIGHT

The undersigned, being a holder of the Series B Non-Voting Participating Convertible Preferred Stock of HC2 Holdings, Inc. (the “Series B Preferred Stock”) irrevocably exercises the right to convert outstanding shares of Series B Preferred Stock on _____, into shares of Common Stock of HC2 Holdings, Inc. in accordance with the terms of the shares of Series B Preferred Stock, and directs that the shares issuable and deliverable upon the conversion, together with any payment for fractional shares, be issued and delivered in the denominations indicated below to the registered holder hereof unless a different name has been indicated below. If shares are to be issued in the name of a person other than the undersigned, the undersigned will pay all transfer taxes and similar taxes payable with respect thereto.

The undersigned represents and warrants to HC2 Holdings, Inc. that the undersigned is legally permitted to own and hold, and the Company is permitted to issue, the Common Stock issuable upon conversion of the Series B Preferred Stock, and such ownership or issuance will not violate the rules and regulations of the Texas Department of Insurance or any other applicable regulators.

(v) Shares of the Series B Preferred Stock shall be deemed to have been converted immediately prior to the close of business on the day of the surrender of such shares for conversion in accordance with the foregoing provisions following the later of (x) Stockholder Approval of such issuance or (y) the consummation of the Rights Offering, and the person or

persons entitled to receive the Common Stock issuable upon such conversion shall be treated for all purposes as the record holder or holders of such Common Stock at such time. As promptly as practicable on or after the conversion date, the Company shall issue to the holders of the Series B Preferred Stock a notice of the conversion specifying the number of shares of Common Stock into which such Series B Preferred Stock have been converted and shall issue and register in the name of such holder the whole number of shares of Common Stock issuable upon such conversion, together with payment in lieu of any fraction of a share, as hereinafter provided, to the person or persons entitled to receive the same. Notwithstanding the foregoing, any notice delivered by the Company in compliance with this paragraph (v) shall be conclusively presumed to have been duly given, whether or not such holder of Series B Preferred Stock actually receives such notice, and neither the failure of a holder of Series B Preferred Stock to actually receive such notice given as aforesaid nor any immaterial defect in such notice shall affect the validity of the proceedings for the conversion of the Series B Preferred Stock as set forth in this Section.

(vi) The Company shall at all times reserve and keep available, free from pre-emptive rights, out of its authorized but unissued Common Stock, for the purpose of effecting the conversion of the Series B Preferred Stock, the full number of shares of Common Stock then issuable upon the conversion of all shares of Series B Preferred Stock then outstanding and shall take all such action and obtain all such permits or orders as may be necessary to enable the Company lawfully to issue such Common Stock upon such conversion.

(vii) No fractional shares of Common Stock shall be issued upon conversion, but, instead of any fraction of a share which would otherwise be issuable, the Company shall pay a cash adjustment in respect of such fraction in an amount equal to the Market Price of such fraction as of the close of business on the day of conversion.

(viii) The Company shall not be required to pay any tax which may be payable in respect of any transfer involved in the issue and delivery of shares of Common Stock in a name other than that in which the shares of Series B Preferred Stock so converted were registered, and no such issue or delivery shall be made unless and until the person requesting such issue has paid to the Company the amount of any such tax, or has established to the satisfaction of the Company that such tax has been paid.

3. Anti-dilution Adjustments.

(i) If the Company (a) pays a dividend or makes any other distribution on or in respect of the Common Stock payable in Common Stock, (b) subdivides or combines its outstanding shares of Common Stock into a greater or smaller number of shares, or (c) issues or distributes any equity securities by reclassification of its Common Stock (other than any issuance constituting a dividend in which the holders of the Series B Preferred Stock participate in accordance with Section 1 above), the Conversion Price shall be adjusted as of the opening of business on the day following the date fixed for the determination of stockholders entitled to receive such dividend or distribution or at the opening of business on the day following the day on which such subdivision, combination or reclassification becomes effective, as the case may be, so that the holders of the Series B Preferred Stock shall, upon surrender thereafter of any shares of Series B Preferred Stock for conversion, be entitled to receive the number of shares of Common Stock that such holder would have owned or have been entitled to receive after the

happening of any of the events described above had such Series B Preferred Stock been converted immediately prior to the record date in the case of a dividend or distribution or the effective date in the case of a subdivision, combination or reclassification.

(ii) In the case of any consolidation or merger of the Company with another entity, as a result of which shares of Common Stock shall be changed into the same or a different number of shares of the same or another class or classes of stock or securities of the Company or another entity or any other property or assets, then the holders of Series B Preferred Stock shall thereafter have the right to receive upon surrender thereafter of their shares of Series B Preferred Stock for conversion, such shares of common stock and/or securities and/or other property or assets as may be issued or payable with respect to or in exchange for the number of shares of Common Stock that would otherwise have been received by such holders had they converted the Series B Preferred Stock immediately prior to the effective date of such merger or consolidation

(iii) Upon the occurrence of any event described in paragraphs (i) or (ii) above, the Company shall promptly provide notice to each holder of Series B Preferred Stock describing such event and the change in the number of shares or other assets or securities issuable upon conversion of the Series B Preferred Stock, setting forth in reasonable detail the method of calculation thereof and the facts upon which such calculation is based.

(iv) If:

- (a) the Company takes any action which would require an adjustment pursuant to paragraphs (i) or (ii) above;
- (b) the Company consolidates or merges with, or transfers all or substantially all of its assets to, another corporation, and stockholders of the Company must approve the transaction; or
- (c) there is a dissolution or liquidation of the Company; the Company shall provide notice to the holders of Series B Preferred Stock stating the proposed record or effective date, as the case may be. The Company shall provide the notice at least 10 days before such date. However, failure to provide such notice or any defect in it shall not affect the validity of any transaction referred to in clause (A), (B) or (C) of this paragraph.

4. Liquidation Preference.

(i) In the event of any voluntary or involuntary liquidation, winding-up or dissolution of the Company, after there shall have been paid, or set apart for payment, to the holders of the outstanding shares of any class having preference over the Series B Preferred Stock, including the Company's outstanding Series A Convertible Participating Preferred Stock and Series A-2 Convertible Participating Preferred Stock, the preferential amounts as to which they are respectively entitled, the holders of the Series B Preferred Stock shall be entitled to share ratably with the holders of the Common Stock (and all other classes and series of stock entitled to participate with the Common Stock) in the remaining assets of the Company on the basis that such holders would share if all outstanding shares of Series B Preferred Stock were then

converted into Common Stock; provided, that in the event that such payment would be less than \$0.01 per share of Series B Preferred Stock, the holders of the Series B Preferred Stock shall instead be entitled to receive out of the assets of the Company available for distribution to its stockholders, whether from capital, surplus or earnings, an amount per share of Series B Preferred Stock equal to \$0.01 per share (or if less than \$0.01 per share is available for distribution in respect of the Series B Preferred Stock, then all such remaining funds shall be distributed pro rata in respect of the Series B Preferred Stock), before any payment or distribution shall be made to the holders of the Common Stock (or any other class or series of stock entitled to participate with the Common Stock). If, upon any liquidation, winding-up or dissolution of the Company, the assets of the Company, or proceeds thereof, distributable among the holders of shares of Series B Preferred Stock or any capital stock ranking on a parity with the Series B Preferred Stock upon liquidation, winding-up or dissolution of the Company, shall be insufficient to pay in full the preferential amounts to which such stock would be entitled, then such assets, or the proceeds thereof, shall be distributable among such holders ratably in accordance with the respective amounts which would be payable on such shares if all amounts payable thereon were payable in full. For the purposes hereof, neither a consolidation nor merger of the Company with one or more other corporations, nor a sale or a transfer of all or substantially all of the assets of the Company, shall be deemed to be a liquidation, winding-up or dissolution, voluntary or involuntary, of the Company.

5. Redemption.

(i) Immediately prior to any Mandatory Conversion, to the extent that the number of shares of Common Stock issuable upon the conversion of the Series B Preferred Stock would exceed any stockholder's Allocable Participation Right, the Series B Preferred Stock may be redeemed, at the option of the Company, with respect to such excess portion (the "Excess Preferred Shares") at a redemption price per share of Series B Preferred Stock in cash and equal to \$1,000 *plus* 8% per annum uncompounded for the period from the issuance date to the Redemption Date (as defined below) (the "Redemption Price"). The Excess Preferred Shares, if any, shall not be convertible into Common Stock and shall remain outstanding unless and until the Company redeems such Excess Preferred Shares.

(ii) At any time prior to conversion of the shares of Series B Preferred Stock into Common Stock, the Company may, at its option, redeem the shares of Series B Preferred Stock, in whole or in part, at the Redemption Price.

(iii) The Series B Preferred Stock shall be redeemed on the sixth (6th) anniversary of the initial issuance of shares of the Series B Preferred Stock at a price per share payable in cash and equal to the Redemption Price, out of funds of the Company legally available therefor.

(iv) At least 10 and not more than 60 days prior to the date fixed for any redemption (the "Redemption Date"), the Company shall provide notice to each holder of record of the Series B Preferred Stock on the record date fixed for such redemption of the Series B Preferred Stock; provided, however, that no failure to give such notice or any defect therein shall affect the validity of the procedure for the redemption of any shares of Series B Preferred Stock except as to the holder to whom the Company has failed to give notice or except as to the holder to whom notice was defective. In addition to any information required by law or by the applicable rules of

the NYSE or any other exchange upon which Series B Preferred Stock may be listed or admitted to trading, such notice shall state:

- (1) that such redemption is being made pursuant to the redemption provisions of Section 5(i), Section 5(ii) or Section 5(iii) hereof, as applicable;
- (2) the Redemption Date;
- (3) the number of shares of Series B Preferred Stock to be redeemed;
- (4) the Conversion Price then in effect;
- (5) the number of shares of Common Stock to be received by such holder in exchange for such holder's shares of Series B Preferred Stock which are to be redeemed and the method of calculation thereof; and
- (6) the place or places where certificates for such shares (if any) are to be surrendered for exchange, including any procedures applicable to redemptions to be accomplished through book-entry transfers.

Upon the delivery of any such notice of redemption, the Company shall become obligated to redeem at the time of redemption specified thereon all shares called for redemption.

(v) If notice has been provided in accordance with Section 5(iv) above and provided, that at all times prior to the Redemption Date specified in such notice, the Company shall reserve and keep available, free from pre-emptive rights, out of its authorized but unissued Common Stock, for the purpose of effecting the redemption of the Series B Preferred Stock, the full number of shares of Common Stock issuable upon the exchange of the Series B Preferred Stock, then, from and after the Redemption Date, said shares shall no longer be deemed to be outstanding and shall not have the status of shares of Series B Preferred Stock. Upon surrender, in accordance with said notice, of the certificates, if any, for any shares so redeemed (properly endorsed or assigned for transfer, if the Company shall so require and the notice shall so state), such shares shall be redeemed by the Company in exchange for the applicable number of shares of Common Stock determined in accordance with Section 5(i), Section 5(ii) or Section 5(iii) above, as applicable. In case fewer than all the shares represented by any such certificate are redeemed, a new certificate or certificates, if any, shall be issued representing the unredeemed shares without cost to the holder thereof.

(vi) Notwithstanding anything herein or in the Investment Agreement to contrary, the Company shall have no obligation (contingent or otherwise) to purchase, redeem, retire or otherwise acquire for value any shares of the Series B Preferred Stock to the extent that such purchase, redemption, retirement or acquisition would cause the Series B Preferred Stock to constitute indebtedness that is not permitted to be incurred at the time of issuance of such Series B Preferred Stock or that would not be permitted by any then outstanding preferred stock or debt instrument of the Company.

6. Voting and Consent Rights.

(i) The holders of record of shares of the Preferred Stock shall have no voting rights, except as prescribed by the General Corporation Law of the State of Delaware and except as set forth below in this Section 6.

(ii) The Company shall not, without the affirmative consent of the holders of a majority of the shares of Series B Preferred Stock then outstanding consenting as one class:

(c) Suspension of Registration. Notwithstanding anything to the contrary contained in this Agreement, the Company shall be entitled in its discretion, from time to time, by providing notice to the Stockholder, to postpone the filing or the effectiveness of the Shelf Registration Statement or require the Stockholder to suspend the use of the Prospectus for sale of Registrable Common Stock under the Shelf Registration Statement for a reasonable period of time not to exceed 60 days in succession or 180 days in the aggregate in any 12 month period (a “Delay Period”) if the Company’s Board of Directors determines in good faith and in its reasonable judgment that it is required to disclose in the Shelf Registration Statement a financing, acquisition, corporate reorganization or other similar transaction or other material event or circumstance affecting the Company or its securities. The Stockholder agrees to suspend use of the applicable Prospectus and any free writing prospectus in connection with any sale or purchase of, or offer to sell or purchase, Registrable Common Stock, upon receipt of the notice referred to above. The Company shall immediately notify the Stockholder upon the termination or expiration of any Delay Period and thereafter, as promptly as practicable, prepare a post-effective amendment or supplement to the Shelf Registration Statement or the Prospectus, or any document incorporated therein by reference, so that, as thereafter delivered to purchasers of the Registrable Common Stock included therein, the Prospectus will not include an untrue statement of a material fact or omit to state any material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading.

(d) Shelf Underwritten Offerings.

(i) Subject to Section 9 hereof, during the Effective Period (except during a Delay Period), the Stockholder may notify the Company in writing of its intent to sell Registrable Common Stock covered by the Shelf Registration Statement (in whole or in part) in an Underwritten Offering (a “Shelf Underwritten Offering”); provided that the Company shall not be obligated to engage an underwriter in connection any Shelf Underwritten Offering unless the amount of Registrable Common Stock to be sold by the Stockholder, together with any shares of Common Stock to be sold for the account of the Company and any other participating stockholders, equals at least 15% of the Company’s total outstanding market capitalization for its Common Stock as of the date of such written notice. The Stockholder shall give written notice to the Company of such intention at least five Business Days (or at least two Business Days in connection with a Shelf Underwritten Offering that is a Block Trade Offering) prior to the date on which such Shelf Underwritten Offering is anticipated to launch, specifying the number of Registrable Common Stock for which the Stockholder is requesting registration under

this Section 2(d) and the other material terms of such Shelf Underwritten Offering to the extent known.

(ii) If any managing underwriter of a Shelf Underwritten Offering advises the Company or the Stockholder that, in its opinion, the inclusion of all the equity securities sought to be included in such registration would adversely affect the marketability of the equity securities sought to be sold pursuant thereto, then the Company shall include in the Shelf Registration Statement applicable to such Shelf Underwritten Offering only such equity securities as the Company is so advised by such underwriter can be sold without such an effect, as follows and in the following order of priority: (1) *first* all the Registrable Common Stock requested to be included in such registration by the Stockholder and (2) *second* any securities proposed to be registered for the account of the Company or any other participating stockholder with such priorities among them as may from time to time be determined or agreed to by the Company.

(iii) The Stockholder shall be permitted to withdraw all or part of its Registrable Common Stock from a Shelf Underwritten Offering at any time prior to 7:00 a.m., New York City time, on the date on which the Shelf Underwritten Offering is anticipated to launch.

(e) Withdrawal Rights. The Stockholder having notified the Company to include any or all of its Registrable Common Stock in a Shelf Registration Statement under this Section 2 shall have the right to withdraw any such notice (which may not be re-made except in accordance with Section 9 hereof) with respect to any or all of the Registrable Common Stock designated by it for registration by giving written notice to such effect to the Company prior to the effective date of such Shelf Registration Statement. In the event of any such withdrawal, the Company shall not include such Registrable Common Stock in the applicable registration and such Registrable Common Stock shall continue to be Registrable Common Stock for all purposes of this Agreement. No such withdrawal shall affect the obligations of the Company with respect to the Registrable Common Stock not so withdrawn.

3. Piggyback Registration.

(a) Participation. Subject to the terms and conditions hereof, whenever the Company (i) proposes to register its Common Stock under the Securities Act for its own account or for the account of others (other than a registration by the Company (x) on a registration statement on Form S-4 (or any successor form thereto) or otherwise in connection with a direct or indirect acquisition by the Company or one of its subsidiaries of another Person or a similar business combination transaction, (y) on a registration statement on Form S-8 (or any successor form thereto) or otherwise solely relating to an offering and sale to employees or directors of the Company pursuant to any employee share plan or other employee benefit plan arrangement or (z) pursuant to Section 2 hereof) or (ii) proposes to effect an Underwritten Offering of its Common Stock pursuant to an effective Shelf Registration Statement (other than an Underwritten Offering pursuant to Section 2 hereof) (each, a “Piggyback Registration”), the Company shall give the Stockholder prompt written notice thereof (but not less than five Business Days prior to the filing by the Company with the SEC of such registration statement or launch of such Underwritten Offering; provided, that for any Block Trade Offering, two Business Days’ notice shall be

sufficient). Such notice (a “Piggyback Notice”) shall specify the number of shares of Common Stock proposed to be included in such registration statement or Underwritten Offering, the proposed date of filing of such registration statement with the SEC or launch of such Underwritten Offering, the proposed means of distribution and the proposed managing underwriter or underwriters (if any and if known). Upon the written request of the Stockholder, given within (A) one Business Day, in the case of any Block Trade Offering, or (B) three Business Days, in the case of any other registration or offering, after such Piggyback Notice is received by the Stockholder (which written request shall specify the number of Registrable Common Stock then presently intended to be disposed of by the Stockholder), the Company, subject to the terms and conditions of this Agreement, shall use its commercially reasonable efforts to cause all such Registrable Common Stock held by the Stockholder with respect to which the Company has received such written request for inclusion to be included in such Piggyback Registration on the same terms and conditions as the Company’s Common Stock being sold in such Piggyback Registration.

(b) Piggyback Priorities. If, in connection with a Piggyback Registration, any managing underwriter (or, if such Piggyback Registration is not an Underwritten Offering, a nationally recognized investment bank selected by the Company, reasonably acceptable to the Stockholder) advises the Company that, in its opinion, the inclusion of all the equity securities sought to be included in such Piggyback Registration by (i) the Company, (ii) others who have sought to have equity securities of the Company registered in such Piggyback Registration pursuant to rights to demand (other than pursuant to so-called “piggyback” or other incidental or participation registration rights) such registration (such Persons being “Other Demanding Sellers”), (iii) the Stockholder and (iv) any other proposed sellers of equity securities of the Company (such Persons being “Other Proposed Sellers”), as the case may be, would adversely affect the marketability of the equity securities sought to be sold pursuant thereto, then the Company shall include in the registration statement applicable to such Piggyback Registration only such equity securities as the Company is so advised by such underwriter or investment bank can be sold without such an effect, as follows and in the following order of priority:

(i) if the Piggyback Registration relates to an offering for the Company’s own account, then (A) *first*, such number of equity securities to be sold by the Company as the Company shall have determined, (B) *second*, the Registrable Common Stock of the Stockholder and equity securities sought to be registered by each of the Other Demanding Sellers (if any), *pro rata* on the basis of the number of shares of Common Stock held by the Stockholder and the Other Demanding Sellers and (C) *third*, other equity securities held by any Other Proposed Sellers; or

(ii) if the Piggyback Registration relates to an offering other than for the Company’s own account, then (A) *first*, such number of equity securities sought to be registered by each of the Other Demanding Sellers and the Stockholder (if any), *pro rata* in proportion to the number of shares of Common Stock held by all such Other Demanding Sellers and the Stockholder and (B) *second*, other equity securities held by any Other Proposed Sellers or to be sold by the Company as determined by the Company and with such

priorities among them as may from time to time be determined or agreed to by the Company.

(c) Same Underwriting Terms. In connection with any Underwritten Offering under this Section 3, the Company shall not be required to include a the Stockholder's Registrable Common Stock in the Underwritten Offering unless the Stockholder accepts the terms and conditions of the underwriting as agreed upon between the Company and the underwriters selected by the Company, with, in the case of a combined primary and secondary offering, such differences, including any with respect to representations and warranties and indemnification, as may be customary or appropriate in combined primary and secondary offerings.

(d) Delay or Withdrawal of Piggyback Registration.

(i) If, at any time after giving written notice of its intention to register any of its equity securities or sell any Common Stock in an Underwritten Offering as set forth in this Section 3 and prior to the time the registration statement filed in connection with such Piggyback Registration is declared effective or the launch date of such Underwritten Offering, the Company shall determine for any reason not to register or sell or to delay such sale or registration of such Common Stock, the Company may, at its election, give written notice of such determination to the Stockholder and thereupon (1) in the case of a determination not to sell or register, shall be relieved of its obligation to register any Registrable Common Stock in connection with such particular withdrawn or abandoned Piggyback Registration; *provided*, that Stockholders may continue the registration pursuant to the terms of Section 2 hereof and (2) in the case of a determination to delay selling or registering, shall be permitted to delay selling or registering any Registrable Common Stock, for the same period as the delay in registering such other Common Stock.

(ii) The Stockholder shall be permitted to withdraw all or part of its Registrable Common Stock from a Piggyback Registration at any time prior to the effectiveness of such registration statement or at any time prior to 7:00 a.m., New York City time, on the date on which the Underwritten Offering is anticipated to launch, as the case may be.

4. Holdback Agreements.

If requested by the Company or any managing underwriter of an Underwritten Offering of the Company's equity securities, the Stockholder shall agree not sell or otherwise transfer or dispose of any shares of Registrable Common Stock or other security of the Company during the period beginning on the date that is estimated by the Company in good faith to be the seventh (7th) calendar day prior to the effective date of the applicable registration statement (or the anticipated launch date in the case of a "take-down" off of an already effective Shelf Registration Statement) until the earlier of (i) such time as the Company and such lead managing underwriter shall agree and (ii) ninety calendar days after the effective date of the applicable registration

statement (or the pricing date in the case of a “take-down” off of an already effective Shelf Registration Statement); provided, that any lead managing underwriter may extend such period as necessary to comply with applicable FINRA rules.

(iii) The Stockholder shall not use any free writing prospectus (as defined in Rule 405 under the Securities Act) in connection with any registration statement covering Registrable Common Stock, without the prior written consent of the Company.

(c) Underwritten Offerings Procedures.

(i) The Stockholder may not participate in any Underwritten Offering (including a Shelf Underwritten Offering requested pursuant to Section 3(a) hereof) unless it completes, executes and delivers (or causes to be delivered, as the case may be) all questionnaires, powers of attorney, indemnities, underwriting agreements, legal opinions and other documents reasonably required under the terms of such underwriting arrangements and the provisions set forth herein in respect of registration rights.

(ii) Any investment bank(s) that will serve as an underwriter with respect to any Underwritten Offering (including a Shelf Underwritten Offering requested pursuant to Section 2(d) hereof), shall be selected by the Company.

6. Registration Expenses.

(a) The Company shall pay any and all expenses incident to the Company's performance of or compliance with this Agreement, including, without limitation, all (i) registration and filing fees (including SEC registration fees and FINRA fees), (ii) fees and expenses of compliance with securities or blue sky laws, (iii) NYSE listing fees, (iv) expenses in connection with the preparation, printing, mailing and delivery of any registration statements, prospectuses and other documents in connection therewith and any amendments or supplements thereto, (v) transfer agent's and registrar's fees and expenses, (vi) fees and disbursements of counsel, accountants and other Persons retained by the Company and (vii) except as set forth in Section 6(b) hereof, all reasonable and documented out-of-pocket-expenses of the Stockholder (all such expenses, "Registration Expenses").

(b) The Stockholder shall pay all underwriting fees, discounts and commissions applicable to the sale of its Registrable Common Stock, and fees and disbursements of its counsel.

7. Indemnification.

(a) The Company agrees to indemnify and hold harmless the Stockholder, its partners, directors, officers, Affiliates and agents, and each Person who controls (within the meaning of Section 15 of the Securities Act) the Stockholder from and against any and all losses, claims, damages, liabilities and expenses (including reasonable costs of investigation) (each, a "Liability" and collectively, "Liabilities"), arising out of or based upon any untrue, or allegedly untrue, statement of a material fact contained in any registration statement or prospectus or arising out of or based upon any omission or alleged omission to state therein a material fact required to be stated therein or necessary to make the statements therein not misleading under the circumstances such statements were made, except insofar as such Liability (x) arises out of or is based upon any untrue statement or alleged untrue statement or omission or alleged omission contained in such registration statement or prospectus in reliance and in conformity with information furnished in writing to the Company by the Stockholder expressly for use therein, (y) arises out of or is based upon offers or sales effected by the Stockholder "by means of" (as defined in Rule 159A under the Securities Act) a "free writing prospectus" (as defined in Rule 405 under the Securities Act) that was not authorized in writing by the Company, or (z) was caused by the Stockholder's failure to deliver or make available to the Stockholder's immediate purchaser a copy of the registration statement or prospectus or any amendments or supplements thereto (if the same was required by applicable law to be delivered or made available); provided, however, the obligations of the Company hereunder shall not apply to amounts paid in settlement of any such claims, losses, damages or liabilities (or actions in respect thereof) if such settlement is effected without

the consent of the Company (which consent shall not be unreasonably withheld, conditioned or delayed).

(b) The Stockholder agrees to indemnify and hold harmless the Company, its directors, officers, Affiliates and agents, and each Person who controls the Company (within the meaning of Section 15 of the Securities Act) to the same extent as the foregoing indemnity from the Company to the Stockholder, but only (x) if such statement or alleged statement or omission or alleged omission was made in reliance upon and in conformity with information furnished in writing to the Company by the Stockholder expressly for use in such registration statement or prospectus or (y) for any Liability which arises out of or is based upon offers or sales by the Stockholder “by means of” (as defined in Rule 159A under the Securities Act) a “free writing prospectus” (as defined in Rule 405 under the Securities Act) that was not authorized in writing by the Company; provided, however, that (x) the Stockholder shall not be liable hereunder for any amounts in excess of the gross proceeds received by the Stockholder pursuant to such registration, and (y) the obligations of the Stockholder hereunder shall not apply to amounts paid in settlement of any such claims, losses, damages or liabilities (or actions in respect thereof) if such settlement is effected without the consent of the Stockholder (which consent shall not be unreasonably withheld, conditioned or delayed).

(c) Any Person entitled to indemnification hereunder shall (i) give prompt written notice to the indemnifying party of any claim with respect to which it seeks indemnification and (ii) permit such indemnifying party to participate in, and to the extent that it may wish, assume the defense of such claim with counsel reasonably satisfactory to the indemnified party. If such defense is assumed, the indemnifying party shall not be subject to any liability for any settlement made by the indemnified party without its consent (but such consent will not be unreasonably withheld, conditioned or delayed). An indemnifying party who is not entitled to, or elects not to, assume the defense of a claim shall not be obligated to pay the fees and expenses of more than one counsel (in addition to any local counsel) for all parties indemnified by such indemnifying party with respect to such claim, unless in the reasonable judgment of any indemnified party there may be one or more legal or equitable defenses available to such indemnified party that are in addition to or may conflict with those available to another indemnified party with respect to such claim. Failure to give prompt written notice shall not release the indemnifying party from its obligations hereunder except to the extent the indemnifying party is materially prejudiced by such failure to give notice.

(d) The indemnification provided for under this Agreement shall remain in full force and effect regardless of any investigation made by or on behalf of the indemnified party or any officer, director or controlling Person of such indemnified party and shall survive the transfer of securities.

(e) If the indemnification provided for in or pursuant to this Section 7 is due in accordance with the terms hereof, but is held by a court to be unavailable or unenforceable in respect of any losses, claims, damages, liabilities or expenses referred to herein, then each applicable indemnifying party, in lieu of indemnifying such indemnified party, shall contribute to the amount paid or payable by such indemnified party as a result

of such losses, claims, damages, liabilities or expenses in such proportion as is appropriate to reflect the relative benefits received by the indemnifying party on the one hand and of the indemnified party on the other in connection with the offering of the Registrable Common Stock. If, however, the allocation provided by the immediately preceding sentence is not permitted by applicable law, then each indemnifying party shall contribute to such amount paid or payable by such indemnified party in such proportion as is appropriate to reflect not only such relative benefits but also the relative fault of the indemnifying party on the one hand and of the indemnified party on the other in connection with the statements or omissions that result in such losses, claims, damages, liabilities or expenses as well as any other relevant equitable considerations. The relative fault of the indemnifying party on the one hand and of the indemnified party on the other shall be determined by reference to, among other things, whether the untrue or alleged untrue statement of a material fact or the omission or alleged omission to state a material fact relates to information supplied by the indemnifying party or by the indemnified party, and by such party's relative intent, knowledge, access to information and opportunity to correct or prevent such statement or omission. In no event shall the liability of the Stockholder be greater in amount than the amount of gross proceeds received by the Stockholder upon such sale.

8. Transfer of Registration Rights.

The Stockholder may not transfer or assign all or any portion of its rights under this Agreement without the prior written consent of the Company; *provided*, that the Stockholder may assign its rights and obligations hereunder (in whole or in part) to a 100% owned (directly or indirectly) Affiliate that agrees in writing with the Company to be bound by this Agreement as fully as if it were an initial signatory hereto, and any such transferee may thereafter make corresponding assignments in accordance with this proviso but only to other 100% owned (directly or indirectly) Affiliates of the Stockholder. Any assignee permitted by the preceding sentence must remain a 100% owned (directly or indirectly) Affiliate of the Stockholder. In the event any shares of Registrable Common Stock are transferred to one or more 100% (directly or indirectly) owned Affiliates in a manner permitted by this Agreement, the Stockholder shall notify the Company in writing of a single Person that shall be the authorized representative to receive notices and take all actions on behalf of the Stockholder and/or its permitted 100% owned (directly or indirectly) Affiliate assignees.

9. Prohibitions on Requests; Stockholders' Obligations.

(a) The Stockholder shall not, without the Company's consent, be entitled to deliver a Shelf Notice or a request for a Shelf Underwritten Offering if less than 120 calendar days have elapsed since (A) the effective date of a prior registration statement in connection with a Shelf Notice or Piggyback Registration, (B) the date of withdrawal by the Stockholder of a Shelf Notice or request for a Shelf Underwritten Offering or (C) the pricing date of any Underwritten Offering effected by the Company; provided, in each case, that the Stockholder has been provided with an opportunity to participate in the prior offering and has refused or not promptly accepted such opportunity.

(b) The Stockholder shall not be entitled to sell any of its Registrable Common Stock pursuant to this Agreement, unless the Stockholder has timely furnished the Company with all information required to be disclosed in order to make the information previously furnished to the Company by the Stockholder not misleading and any other information regarding the Stockholder and the distribution of such Registrable Common Stock as the Company may from time to time request pursuant to Section 5(b)(i) hereof. Any sale of any Registrable Common Stock by the Stockholder shall constitute a representation and warranty by the Stockholder that the information of the Stockholder furnished in writing by or on behalf of the Stockholder, to the Company does not include an untrue statement of a material fact or omit to state a material fact necessary in order to make the statements in such information, in the light of the circumstances under which they were made, not misleading.

10. Miscellaneous.

(a) Termination

Upon such a determination, the parties shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated hereby be consummated as originally contemplated to the fullest extent possible.
- (l) Amendments. The provisions of this Agreement, including the provisions of this sentence, may not be amended, modified or supplemented, and waivers or consents to or departures from the provisions hereof may not be given, without the written consent of the Company and the Stockholder.

FOR IMMEDIATE RELEASE

HC2 Holdings Announces Rights Offering for Common Stock

New York, September 9, 2020 - HC2 Holdings, Inc. ("HC2" or the "Company") (NYSE: HCHC), a diversified holding company, announced today that its Board of Directors (the "Board") has approved a plan to proceed with steps to launch a \$65 million rights offering for its common stock. The Company has filed a registration statement on Form S-3 with the Securities and Exchange Commission ("SEC"). Subject to final approval of the rights offering by the Board, the Company expects to launch the rights offering after the Registration Statement is declared effective by the SEC.

All HC2 stockholders will have the opportunity to participate in the offering and subscribe for their basic subscription amount of newly issued shares of common stock in proportion to their respective existing ownership amounts. HC2 stockholders who exercise their respective full basic subscription rights will have over-subscription privileges giving such HC2 stockholders the option to subscribe for any shares of common stock that remain unsubscribed at the expiration of the rights offering. If the aggregate subscriptions (basic subscriptions plus over-subscriptions) exceed the amount offered in the rights offering, then the aggregate over-subscription amount will be pro-rated among the stockholders exercising their respective over-subscription privileges based on the basic subscription amounts of such stockholders.

The rights offering will be partially backstopped by Lancer Capital LLC ("Lancer Capital"), an investment fund led by Avram Glazer, the Chairman of the Board and the Company's largest stockholder. Lancer Capital has agreed to exercise and purchase its basic subscription amount and will participate in the oversubscription privileges as described above for a total of up to \$35 million (inclusive of the basic subscription amount). Lancer Capital's backstop commitment will be effected in the manner set forth in the Investment Agreement entered into with the Company on the date hereof, a copy of which will be filed by the Company with the SEC.

HC2 expects to use the proceeds from the rights offering for general corporate purposes.

The Company expects to distribute to each holder of the Company's common stock one transferable subscription right to purchase shares of the Company's common stock at a price of \$2.27 per whole share for each share of the Company's common stock held as of the rights offering record date which will be fixed when and if the Board declares the dividend constituting the rights to be issued in the rights offering. Holders of the Company's existing preferred stock that are entitled to participate in dividend distributions to holders of the Company's common stock will also be entitled to participate in the rights offering.

Further details of the rights offering will be publicly announced and a prospectus supplement containing the detailed terms of the rights offering will be filed with the SEC following clearance of the registration statement by the SEC and final approval of the rights offering by the Board.

A registration statement relating to these securities has been filed with the Securities and Exchange Commission but has not yet become effective. These securities may not be sold nor may offers to buy be accepted prior to the time the registration statement becomes effective. The information in this press release is not complete and is subject to change. This press release shall not constitute an offer to sell or a solicitation of an offer to buy the securities, nor shall there be any offer, solicitation or sale of the securities in any state or jurisdiction in which such offer, solicitation or sale would be unlawful under the securities laws of such state or jurisdiction. The rights offering will be made only by means of a prospectus and a related prospectus supplement. Copies of the prospectus and related prospectus supplement, when they become available, will be distributed to all eligible stockholders as of the rights offering record date and may also be obtained free of charge at the website maintained by the SEC at www.sec.gov or by contacting the information agent for the rights offering.
